The Saturday Bee is becoming
A household necessity.
Sixteen big pages and every page
Filled with choice news.
To-morrow's paper will be a
Hummer.
Sixteen pages for TWO cents.

The Bee.

Just for Harmonious Conciliation,
Why not Foraker for president
On the republican ticket?
Blaine says he doesn't want it;
So says Sherman and Depew,
And Cullom, and Allison.
Why not Foraker, the dashing
South hater?
'Twould be fun to defeat him.

WEATHER.

U. S. Department of Agriculture, Weather Bureau.
Toledo, O., May 13, 1892.

The storm is still central in the southwest with its center over Oklahoma. The highest area has advanced to the East and south and dominates the weather over all the states on the Atlantic. In all other sections the weather is cloudy or rainy. The heaviest falls reported are: Kansas City, 1.72 inches, St. Louis 1.70, Keokuk 0.86, Memphis 0.78, and Fort Smith 0.50.

The temperature has risen slightly to the east and north of the storm center, elsewhere it has remained nearly stationary.

Cheyenne, Wyo., reports snow with a temperature of 32 degrees, the lowest reported. Port Huron reports light frost.

The conditions over the wheat country have remained about the same—cloudy, with light showers. Indications are for rain over that section.

The Mississippi river has risen at St. Louis, fallen at Memphis and Vicksburg, and risen at New Orleans. River at the latter place read 16.9 feet Friday morning, which is 3.9 feet above the danger line. It will continue to rise at New Orleans.

Forecast for Toledo and vicinity for 36 hours—Fair, followed by rain; slightly warmer.

One in seven of all deaths comes from Consumption. That's about the proportion. And almost every death from Consumption comes from neglect and delay. There's neglect in preventing the disease—delay in curing it.

You can prevent it—and cure it, if you'll act in time, with Dr. Pierce's Golden Medical Discovery. Poor and impure blood makes you an easy victim—a scrofulous condition of the system invites it.

You must reach the disease through the blood, and the "Discovery" does it. It's the most potent and effective blood-cleanser, strength-restorer, and flesh-builder that's known to medical science. The scrofulous affection of the lungs that's called Consumption, and every form of scrofula and blood-taints, all yield to it. For Weak Lungs, Spitting of Blood, Bronchitis, Asthma, and all severe, lingering Coughs, it's an unequaled remedy.

And it's the *only* one that's *guaranteed* to do what is claimed for it. If it fails to benefit or cure, you have your money back.

ALLEN & PARKHURST.

HIS DAYS ARE FEW

Crisis in Venezuela Rapidly Approaching.

More Dynamite Outrages in Caracas.

Crespo Refuses to Treat for Peace,

And the Deciding Battle Must Occur.

The Insurgents Growing Stronger Each Hour and Palacio Begins to Read the Signs of the Times.

New York, May 13.—A special to the Herald from Caracas, Venezuela, says two more attempts have been made to blow up the government buildings with dynamite bombs.

The federal palace was one of the buildings which the revolutionists sought to wreck and although the bomb was exploded alongside the building no damage was done.

The news of the attempt spread rapidly and added to the intense excitement.

While the whole city was in a state of terror over the discovery the other bomb was fired.

The scene was the military headquarters and it was a most daring attempt.

All panes of glass in the building were shattered and a large number of soldiers who were in the building at the time were very much frightened. No one, however, was killed or seriously injured. One man was arrested on suspicion of knowing something of the explosions.

The commission sent out by the government to the insurgent chief has returned to Caracas. It reports that it has utterly failed in its mission. Gen. Crespo bluntly and emphatically declined to treat for peace unless Palacio released the judges whom he has imprisoned, recalled congress and ordered the elections to take place immediately.

Crespo's forces, according to latest accounts, are daily growing stronger, and it is stated that the rebels are drawing nearer Caracas.

Palacio has made an abject apology to the Spanish government on the passport question, but it is not satisfactory to the Spanish minister.

A Spanish war ship is at Laguayra, and her commander is en route to the capital to formally demand in person reparation for the alleged insult to his government.

Ex-President Rojas Pal has at length come out openly in favor of the rebellion.

Palacio has just announced that he is gaining adherents in the western states, and that the revolution is practically at an end in that part of the republic. He also claims that coffee is now being gradually moved from the interior and business is being gradually resumed.

FIVE MEN ARE WILLING

To Become Mayor of Upper Sandusky.

The Council is Tie and a Very Interesting Contest is Looked Forward To.

Upper Sandusky, O., May 13.—There are already five candidates to fill the official shoes of the late mayor, Henry Myers, who died Tuesday night.

The council, in whose power the matter of appointing another mayor rests, is a tie politically—the first time in the history of the town, and this fact has caused much talk as to the probable result of a conference which the council will have Saturday evening. At this time a candidate will probably be agreed upon and confirmed by the council on the following Monday evening.

REFUSED TO RATIFY IT

The French Treaty Fell in the Senate.

A Bare Quorum Was Present and Enough Votes Could Not be Mustered.

San Antonio, Tex., May 13.—A dispatch was received here yesterday from Gen. Garcia, commanding the Mexican forces in northern Mexico, to the effect that a detachment of cavalry Wednesday morning met and had an engagement with a party of Garza's revolutionists at a place called La Meca.

After a hard fought battle the government troops won a victory over the invaders, killing ten of them. One soldier was killed. The insurgents, the dispatch adds, are being hotly pursued.

The news would indicate that the Garza revolution has broken out afresh.

PLEADING FOR FANNING.

Governor Flower Listens to His Attorneys.

A Belief That He Was Not Guilty and That a New Trial Will be Granted.

Albany, N. Y., May 13.—Gov. Flower gave a hearing in the case of Henry C. Fanning, convicted of murder and sentenced to be executed at Sing Sing Monday next. The array of people present was quite imposing, many women being among those who occupied seats. Fanning's mother, father, and wife were present and a pretty little child of the prisoner sat on its grandfather's lap. Among the others present were a number of ministers.

Deputy District Attorney Welch said the trial had been unfair.

Affidavits of several criminal lawyers were presented to show that the man who defended Fanning was incompetent. A petition was presented from the members and officers of the Ninth regiment and one from many citizens of Utica asking for the reprieve.

The governor said he would not settle the matter until to-morrow, but it is believed that his decision will be favorable to the convicted man.

INVESTIGATION COMMENCED.

Chicago, May 13.—The investigation of the stone and coal trusts instituted by the federal grand jury has commenced, although little was accomplished, owing to the difficulty of getting witnesses. The recent supreme court decision in the counselman case, absolving witnesses from implicating themselves, will probably make it hard to secure evidence.

WITH AWFUL FORCE.

Terrific Boiler Explosion at Midland, Mich.

Saginaw, Mich., May 13.—About 2 o'clock yesterday afternoon the little city of Midland, 20 miles west of Saginaw, was shaken from center to circumference by the explosion of a battery of four boilers that furnished steam for operating the saw mill of the Midland Salt & Lumber Co.

The boiler house was detached from the mill, and was completely wrecked, and considerable damage was also done to the saw mill. Three employes were killed. Their names are: John Allen, fireman, thrown 200 feet from the mill; Eugene Valkenburg and Dick Stears. The body of the latter was buried in the ruins, but was subsequently recovered. Gus Malcom, the fireman, was fatally hurt, and Arthur Robinson, E. P. Elton, Charles Flynn, Charles Burt, Albert Mall and Sanford Walton were all more or less injured. E. P. Elton was blown some distance from the mill, receiving a severe scalp wound.

The cause of the accident has not been definitely ascertained, but it is charged to a defect in one of the boilers. The damage to the property will not exceed $7,000. The detonation was heard many miles away.

About sixty men were employed in the mill. When the explosion was heard it created great excitement, mothers and wives rushing to the scene to learn if their loved ones had perished. The mill is the property of Wm. Patrick, W. D. Marks, George Rockwell and Charles Brown, who compose the Midland Salt & Lumber Co.

BURGLARS AT NILES.

Niles, O., May 13.—Burglars made another general raid on the N. Y., P. & O. passenger and freight stations here. Windows were smashed in, drawers and boxes rifled of their contents. Box cars on the siding containing merchandise were broken into and the contents badly handled. A close examination does not, however, show that anything of much value was carried away. The safe in the ticket office was not molested. No clue to the perpetrators.

VAN LOON AT COLUMBUS

Attorney Sutton to Fight His Case Through.

He Says the Man Is Innocent—Cashier Maple Goes Part of the Way to the Penitentiary.

Columbus, May 13.—Frank Van Loon, the condemned bank robber and murderer, has arrived at the penitentiary, where he is sentenced to be hanged November 2. He was in the company of Sheriff Freece and his attorney, Senator Sutton.

He was in the best of humor, and laughed and chatted pleasantly with all who approached him. Senator Sutton said he was preparing a transcript for the circuit court where he would try the case again.

He said Van Loon was innocent of the crime and he was determined to fight the case to the last. Cashier Maple left the party at Lima, after shaking hands with Van Loon.

OWOSSO NOTES.

New Buildings Going Up—Street Cars in Operation.

Owosso, Mich., May 13.—Street cars commenced running yesterday for the first time. Notwithstanding the heavy rain crowds of people availed themselves of the free ride. Both the Owosso and Carunna bands were out in full uniform and rendered some very fine music.

Mr. J. B. Conners, Superintendent T., A. A. & N. M., is in Toledo this week on business.

H. W. Ashley, general manager T., A. A. & N. M., passed through the city in his private car Wolverine en route for Frankfort.

THEY MET AT LA MECA

Garza's Forces Have Been Again Attacked.

After a Hard Fought Battle Government Troops Won a Decided Victory.

New York, May 13.—The Tribune's Washington correspondent telegraphs relative to the consideration by the senate of the French treaty:

Many amendments, verbal and otherwise, have been suggested in the last few days by various senators who have criticised the treaty for one reason or another, and when the time for a vote was reached the text of the convention was not yet in shape to satisfy all its opponents.

On a first vote on a ratification no quorum was recorded; and after a call of the senate and a second trial, it was found on a bare quorum that the treaty lacked a few votes of the two-thirds majority necessary for ratification.

A motion to reconsider was accordingly entered by friends of the treaty, and it will go over again till a larger number of senators can be obtained, when, with slight further modifications, a two-thirds majority is confidently expected for it.

HEYWARD HALL McALLISTER.

Son of Ward, Tells How He Fooled His Papa.

New York, May 13.—A marriage notice printed in this morning's paper announces that Heyward Hall McAllister and Miss Janie Champion Garmany, of Savannah, were married in this city on August 22, 1887.

Heyward Hall McAllister is the younger son of Ward McAllister, and Mrs. McAllister is the daughter of the late George W. Garmany, a prominent lawyer of Savannah, who died in the spring of 1888, having no suspicion that his daughter was married.

GUERNSEY REPUBLICANS.

Martins Ferry, O., May 13.—The Guernsey county republicans nominated the following ticket: For sheriff, James Mason; for auditor, John A. Bliss; for commissioner, John W. Graves; for surveyor, Ossman M. Hoge; for infirmary director, Hugh M. Reymer.

KICKED HER TO DEATH

Fatal Row Among Factory Girls.

They Attack Rosie Brown and She Dies from the Effects of Her Injuries.

Anniston, May 13.—In a general row among the female employes in a cotton factory here to-day a young woman named Rosie Brown was jumped upon and kicked so badly that she died a few hours later. Ten of the girls have been arrested on warrants charging them with murder.

KILLED IN A CAVE-IN.

Oroville, Cal., May 13.—Jack Powers, jr., and J. C. and L. P. Hall were buried in a cave-in in the old tunnel mine at Cherokee, 12 miles from here, yesterday and instantly killed. The Halls are natives of Montana.

TO MEET IN TOLEDO

Ohio Congregationalists Decide on This City.

Close of an Interesting Meeting at Oberlin.

Important Business Transacted—Resolutions Opposed to Sunday Opening of the Fair.

Oberlin, O., May 13.—The second and final session of the Ohio Congregational association was held at the Congregational church here. The program was of unusual merit.

The first business of the day was the election of directors for the Ohio Home Missionary association, and resulted as follows: Dr. Washington Gladden, for Central Ohio conference; David Jones, Central South; James W. Hubbell, Central North; George R. Leavitt, for Cleveland; M. B. Morris, Grand River; Cornelius E. Dickinson, Marietta, O.; E. F. Baird, Medina; W. H. Warren, Miami; P. W. Sinks, Plymouth Rock; S. W. Meeke, Puriton; Henry M. Bacon, Toledo; Capt. C. P. Lyman, Trumbull and Mahoning.

Rev. William Kincaid, D. D., of New York, next gave a vivid map survey of the field of the Home Missionary association, presenting the work that had been accomplished in different fields. A very interesting speech was also delivered by Rev. David Jones, of Cincinnati, on "Elements of Power in the Welsh Pulpit," in which he said that he believed that before long the Welsh church would become extinct in this state, owing to the rapid increase that the Welsh people are making in the English language. Rev. Perry W. Sinks, of Painesville, next addressed the conference on the "Relation of the Good Citizen to the Politico-Moral Issues." Mr. Sinks gave a very able discussion of the temperance movement, believing that every minister had a right to discuss politics freely in his pulpit.

The afternoon session was opened by the conference passing the following resolution:

Resolved, That this association regards with grave concern the efforts made to have the World's Columbian Exposition opened to the public on Sunday, believing that the American Sunday, set apart from ordinary business for bodily rest and religious worship, is a sacred part of our precious heritage of liberty and is essential to the welfare of every toiler, every home, every church, and every community, we should think it most unfortunate if at this time, while displaying to the world our material progress, we should show ourselves false to the principle which has given us national prosperity.

Resolved, That this association protest against granting to any persons permission to sell intoxicating drinks upon the grounds of the exposition. In our judgment the saloon is our deadliest national curse, the blackest blot on our civilization, and should have no place among the exhibits of our greatness.

Resolved, That a copy of these resolutions be respectfully submitted to the honorable directors of the exposition and the congress of the United States.

Directly after the passage of these resolutinos the following different reports were presented: "The Woman's Branch Christian Endeavor," Mrs. E. J. Goodrich; "The Ohio Home Union," Mrs. E. Regal; "Missionary Achievements," C. H. Daniels; "Congregational Church Building Society," Mr. J. E. Cobb; "New West Education Commission," Miss Hahn, of Salt Lake City; "Sunday School Publishing Society," Secretary Boynton, of Boston; "Colored Problem," Secretary Wright, of the A. M. A.; "Education," J. A. Hamilton.

Directly after the addresses the following candidates were announced to the national convention: Revs. J. W. Hubbell, of Mansfield; David Jones, Cincinnati; Franklin Hubbard, Toledo; W. H. Upson, of Akron. Business committee for 1893: Revs. O. D. Fisher, D. M. Fisk, H. M. Tenney, J. G. Fraser and Marion Lawrance.

The meeting closed in the evening with the following able addresses: "The Peculiar Responsibility of the Educated Man for Christian Work," Rev. Wm. Knight, Cleveland; "The Scholar in Politics," Prof. John Commons, Oberlin; "The College Man and the Ministry," Rev. John Nichols, Median. The next place of meeting will be with the Washington Street church, Toledo.

HALF A MILLION.

The Will of the Late Major Camp Probated.

Minneapolis, Minn., May 13.—The will of the late Major Camp was filed for probate yesterday. He left an estate valued at $550,000, the beneficiaries named being his daughter, Mrs. Lucy Von Wedelsteadt, and her son, and Mrs. Jessie D. Carr Seale, of Salines City, Cal. Mrs. Seale, who was to have been married to Major Camp next month, is given one-half the estate.

The other heirs are very wroth at the legacy to Mrs. Seale, and will contest.

LEFT HER HIS PROPERTY

Mrs. Heatherington Cared for by Robinson.

The Dead Man's Will Gave the Lieutenant's Wife a Cool Hundred Thousand Dollars.

St. Paul, Minn., May 13.—Edward Griffin, who at the age of 15 ran away from his home in Winona and went to sea, has returned for a visit.

A passenger on the same steamer, the Belgium, by which Mr. Griffin came from Hong Kong to San Francisco, was Mrs. Hetherington, whose husband recently shot and killed Gower Robinson at Yokohama.

Mrs. Hetherington was booked under an assumed name—that of Mrs. Whitman.

Mr. Griffin says Robinson left her all his property, about $100,000. Mrs. Hetherington, he says, made herself especially disagreeable to the European colony at Yokohama after the tragedy by insisting upon appearing in public and attempting to enter good society.

THE VAN LOON REWARD.

H. B. Morton Tells How It Was Distributed.

Galena, O., May 13.—(Special)—I see by the Ohio State Journal that an attack is made on Prosecutor Frayer in reference to the distribution of the reward in the Van Loon case. The article intimates that the reward was not porperly divided. Mr. Frayer paid J. H. Crawford on my order $333.33 and gave the balnce to me, to wit, $666.66. We received from Prosecutor Frayer every cent of the money. The above division is correct. The commissioners said I was entitled to the reward, and authorized the auditor to draw a warrant on the treasury for the amount of said reward. Frayer drew it for me according to my instructions and paid it out accordingly.

If the Columbus Grove people want some of the money they had better commence to collect it at home.

H. B. MARTIN.

ENDED IN A FIGHT.

A Base Ball Club Gets Drunk with Disastrous Results.

Owensboro, Ky., May 13.—A fatal affray occurred on the steamer J. C. Kerr, at Calhoun, on the Green river, Saturday night. The Calhoun base ball club played a game with a raftsmen's nine during the afternoon and after the game all got drunk and commenced to fight on the boat.

Each man had a revolver and began to shoot and when officers succeeded in stopping the row it was found that a raftsman from Evansville, the two last named barber from this city, a fruit tree salesman from Evansville, the two last named being passengers on the boat, and George Irving, of Calhoun, one of the brawlers, had been shot and mortally wounded.

CAMPAIGN COMMITTEE.

Washington, May 13.—The republican congressional campaign committee organized by the election of Senator Tnthony Higgins, of Delaware, as chairman. Representative John A. Caldwell, of Ohio, as vice chairman, and the following to constitue with the above the executive committee: Senators Perkins, of Kansas, and Washburn, of Minnesota, and Representatives Townsend, of Colorado, Houk, of Tennessee, Hermann, of Oregon, Walker, of Massachusetts, and Cheatham, of North Carolina. Edward McPerson, of Pennsylvania, was elected secretary of the committee.

KILLED BY THE RUSTLERS

Two Deputy Marshals Shot in Wyoming.

The Cattle War Seems to be in Full Blast Regardless of Contrary Reports.

Buffalo, Wyo., May 13.—It is generally believed that Robert L. Gibson and L. T. Craig, United States deputy marshals, have been killed by the rustlers. Both went out to serve injunctions upon the rustlers to prevent illegal round-ups, and should have been back in Buffalo before this.

It was reported last night that the ranch of Major Ijams, six miles from Blair's ranch on the Powder river, and 50 miles from here, has been sacked by the rustlers and from this it is inferred that Blair's ranch, with 10,000 cattle on it, has also been sacked. Intelligence from Blair's ranch is anxiously awaited, for it is feared that several men left to defend it may hove been killed.

READY FOR THE FIGHT.

San Francisco, May 13.—Joe Goddard, who arrived here yesterday and who is matched to fight Joe McAuliffe, when interviewed said: "I have come here to fight and from what I have learned all that is necessary to complete the match is to select training quarters and prepare myself for a hard battle. My only desire is to have the fight arranged for as late in June as possible. I don't want to go into training for at least a week."

SHE HELD THE FORT.

A Woman Fighting a Light Company.

She Objected to Having Poles Placed in Front of Her Residence and Fought It Out.

Massillon, O., May 13.—Mrs. Jacob D. Bruny, of this city, demonstrated the fact that she is a woman of nerve and resouces. Employes of the electric light company dug a hole in front of her residence, on Grant street, and would have put in a pole had not Mrs. Bruny objected by planting her body in the opening in the earth and refusing to come forth. The force of workmen circumvented the woman, however, by diging another hole about eight feet distant and planting the pole there, the irate woman being unable to guard both holes at the same time. Mrs. Bruny, whose next move it is, declares she will cut down the pole, and there is no doubt that her threat will be executed.

STRUCK BY A TRAIN.

Bound Rock, N. J., May 13.—Mr. Nevins Merrill, the leading stockholder in the Merrill manufacturing company, of Bloomington, N. J., while crossing the track of the Lehigh Valley & Central railroad yesterday afternoon was struck by a Blue line express train and terribly injured. His recovery is very doubtful.

GROWING FAT ON HOPE.

Gray's Friends See a Chance for a Man.

They Magnify a Small Matter Into a Factor of Gigantic Proportions.

Indianapolis, Ind, May 13.—The Gray wing of the democratic party in this state is much elated over the action of Iowa in instructing for Boies for president.

The Iowa movement is regarded as an indication that there will be a break in the Cleveland column at the opening of the convention, and this, the Gray men think, means that Gray will have an excellent chance of being nominated.

Now that Iowa has instructed for Boies the Gray supporters say that there is but one thing for the Indiana delegation to do and that is to put Gray in nomination at the opening of the convention and stand by him as Iowa stands by her patriotic son.

FOR THE FAIR.

Constantinople, May 13.—The Turkish minister of public works has requested the porte to address a circular to the provincial authorities inviting them to send samples of their articles and industrial products for the Chicago fair.

THE LAND OF CYCLONES.

Oklahoma Was Not Properly Named.

A Storm Has Swept Down on the People and Caused Much Damage.

Guthrie, O. T., May 13.—A terrific wind storm swept over the new counties in the western part of the territory yesterday.

The tents and small buildings in the town of Arapahoe were all demolished.

The temporary court house was wrecked and the papers and records scattered all over the country.

The tent in which the newspaper was published was carried entirely away and the outfit wrecked.

Near the town of Frisco five houses were totally destroyed. Several persons were badly injured.

SUICIDE.

Bristol, Tenn., May 13.—The dead body of T. C. Bradley, mayor of Point Rock, N. C., was found lying on the mountain side near that city this morning. A bullet hole in the right temple and a revolver clasped in his right hand told the story of suicide.

SECOND TIME ON EARTH

Ingalls Is Bobbing Up Once More.

He Wants to be Chairman at Minneapolis.

If the Republicans Win at the Polls in November He Will Strike for a Soft Snap Abroad.

Topeka, Kas., May 13.—Kansas republicans will press ex-Senator Ingalls for chairman of the national convention.

There are rumors current that the senator expects to represent the United States in one of the foreign countries if the republican party wins in November and that his proposed trip to Europe in June is for the purpose of getting more familiar with foreign affairs.

This tallies with his statements recently made that he is not now a candidate for any office in the gift of the party in Kansas, but that he expects to wait and contest with Senator Peffer for the senate when his term expires.

MORE NATURAL GAS FIELDS.

Ohio Men Are Seeking Other Territory.

Buffalo, N. Y., May 13.—Ohio men interested in gas and oil, with a number of Hamburg business men, have concluded negotiations for several hundred acres of land near that village and will begin drilling as soon as possible.

A test well disclosed that the strata were perfectly regular for gas or oil, and that one or both will be found in large quantities is said to be certain. The men in the deal are from Findlay, O.

THE COLOR LINE IN YALE

The Black Man Not Up to the Standard.

L. F. Wifely, of Missouri, Refuses to Contest for Honors With James R. Spurgeon.

New Haven, Conn., May 13.—The refusal of L. F. Wifley, of Mexico, Mo., the highest man in his class at Yale law school, to debate for the Wayland prize against James R. Spurgeon, of Richmond, Va., on the ground of color, is condemned by the majortiy of Yale men. Wifley's friends have issued a manifesto signed "Southern students," in which they say:

"It does not seem to occur to New England people that there is a marked distinction in the south between a colored man and a white one, that the races move in entirely separate social spheres.

"The social status of the white is not confined to the drawing-room. It extends to the church and the school. The social line is drawn no more severely than in the 'home of abolition;' it is only drawn in another place.

"In the case of the young man from Missouri, the circumstances are no different from those of any other young man who was born and bred in the south. He is a man of principle and moral courage.

"He is not willing to stultify himself by engaging in a contest that he would not engage in in his own home and in the presence of his family and friends. Any other course would show lack of moral stamina."

Spurgeon said yesterday: "I have been in the law school for two years. Wifley has been here only one. I have always been present at the meetings of the Kent club and have taken part in the debates, and have been well received, with one exception. That was last year, when I was appointed to debate against R. Miller, of the class of '91. I cannot see any reason why I should not be allowed to debate for the prize. I shall prepare my speech and deliver it."

LOVE LAUGHS AT OLD AGE.

Washington C. H., O., May 13.—Everybody throughout this section was surprised to-day to learn that David Heath and Mary Hetrich, aged respectively 91 and 65, were married at Covington. They live near Mt. Sterling, where the old man is the possessor of a great deal of property. Since the death of Heath's first wife he has been paying considerable attention to Mary Hetrich, but their marriage has created surprise.

THE POPE IS PLEASED.

Paris, May 13.—The pope has telegraphed to the Catholic congress now in session that he has received with satisfaction the protestations of French Catholics of their devotion to the holy see, and firmly believes that they will follow his advice in adhering to constitutional methods in their efforts in behalf of the Catholic faith.

HELD FOR TRIAL.

Akron, O., May 13.—The preliminary hearing of Henry Ledoux and Ulrich Le Claire, charged with causing the death of Fred Russell, their cousin, was held today before Mayor Miller. Ledoux was discharged and Le Claire was bound over to common pleas court in the sum of $600.

BERLIN MAKES A MOVE.

The Kaiser Would Like a World's Fair.

He is Meeting Much Opposition from Among His Unprogressive People.

Berlin, May 13.—The proposal to hold a "world's fair" in Berlin is beginning to attract considerable attention here and scarcely a week passes without meetings to discuss the question.

As long as Prince Bismarck remained at the head of affairs an exhibition was not to be thought of as he was a determined opponent of the idea. Even now the number to whom it is distasteful is considerable. Large landed proprietors especially oppose it from the fear that the exhibition and the preparations for it would bring thousands of laborers to Berlin from the agricultural districts, thus raising wages and increasing the dearth of labor in the eastern agricultural provinces.

There are also fears of overproduction and too extensive speculation in all branches of trade. The overwhelming majority of the corporations and the associations, the support of which would be necessary for such an enterprise, have nevertheless declared in favor of the plan.

WORK OF LIGHTNING.

Celina, O., May 13.—Lightning did much damage in this vicinity during the recent storm. The fine farm residence of Wm. Hasselman, this county, was struck by lightning and totally destroyed. No one injured. Loss $3,000; no insurance. During the same storm the residence of Mrs. R. L. Esses, near Mendon, was struck and damaged to the extent of $800; covered by insurance. The dwelling of Philip Biracree, north of this city, took fire Tuesday night and burned to the ground. Loss $1,600; partially insured. Isaiah Hoel, while standing with his arms upon an awning rod, was paralyzed by lightning striking the building.

METHODIST CONFERENCE

Proceedings of the Body in Omaha

Who are Making Laws for the Church.

Spirited Discussion on Subjects of Interest to all Members of the Denomination.

Omaha, Neb., May 13.—The action of the committee on episcopacy in refusing to recommend the election of additional bishops, was the topic of discussion among the delegates during the reading of the minutes at the Methodist conference.

The decision comes like a flash of lightning as the candidates had all along figured on more influence than the bishops and they had no idea the episcopal board could thwart their desires.

While no disrespectful language was used a number of delegates plainly said they thought the bishops were encroaching on the prerogatives of others. The episcopal fight out of the way, the scramble for offices under the book concern will become more earnest.

The body evidently does not care to go on record as refusing to obey the rules and to be orderly as its action in refusing to adopt such a resolution, yesterday, was expunged from the records this morning, but not without dissenting votes. The call of the conference was then begun. Dr. Lanihan, of Baltimore, offered a resolution that bishops can count five years in ten in appointing preachers since 1888. Referred.

The committee on book concerns asked authority to revise a paragraph in the discipline in order to expunge obsolete rules and inaccuracies in language. Agreed to.

Dr. Spence, of Holston, asked that two assistant secretaries of the Freedmen's Aid society be appointed to assist in the work.

The request was referred, and on motion of Dr. Hunt, the honorable secretary, Mr. Rust of that society, was given a seat on the platform.

The committee in Freedmen's Aid and Southern Educational society was directed by a resolution to inquire into the finance of that society, as it was alleged that its expenditures has increased rapidly without a proportional increase in the school or their efficiency.

The special order of the day being taken up, Dr. Goucher resumed the floor and addressed the conference on the report of the constitutional committee.

Dr. Goucher produced a copy of the discipline of 1808. He spoke of the history of the church, tracing the conferences through their every stages. In 1792 the first general conference was held. In it were no laymen. The ministers had built up the church and the laymen claimed no representation in its government.

In 1808 a constitution was adopted and every conference since then has met under its provisions and limitations, thus making the constitution in effect a constitutional enactment. In regard to the plan of lay delegates the doctor said the constitution of 1808 allowed laymen as well as ministers delegates. He was not allowed to finish, as his time expired.

Dr. Bristol, of Chicago, argued that there was no such a thing as two constitutions, and argued that it would be impossible to have a constitution for the conference and one for the church. He held that under such reasoning the church would have to derive its life from the general conference. What is needed is that we should decide what is the constitution of the M. E. church, and once decided it will be forever.

In regard to lay representation he said it was purely statutory enactment and under this enactment the conference can so amend its law as to give equal representation to laymen. It is solely a statutory law and once increases the number of representation and this conference can then never exclude the laymen under this rule of concurrent orders. (Great applause.)

The discussion became spirited and general, the disputed point being the status of laymen in the general conference. Judge Lawrence, of Ohio, Dr. Kynett, Dr. Douglass and Judge Murray, of Pennsylvania, participated in the debate.

Upon motion of Dr. Hartell Friday night was set aside for a reception to the fraternal delegates of the A. M. E. church, and the M. E. church south.

Debate was then resumed by Dr. Neeley, Dr. Ridgeway, of Evanston, Ill., and Dr. J. O. Peck, of New York, the latter holding that the creation of lay delegates was constitutional, but the plan merely statutory.

The previous question was then ordered and all the amendments being voted down, Dr. Goucher's substitute was adopted. It is as follows:

"The section on the general conference in the discipline of 1808, as adopted by the general conference of 1808 has the nature and force of a constitution. That section together with such modifications as have been adopted since that time in accordance with the provisions for amendment in that section is the present constitution and is now included in paragraphs 55 to 64 inclusive, in the discipline of the M. E. church of 1888, excepting—1. The change of the provision for calling an extra session of the general conference from a unanimous vote to a two-thirds vote of the annual conferences; and, 2, that which is known as the plan of lay delegation as recommended by the general conference of 1868 and passed by the general conference of 1872."

ARE IN SESSION TO-DAY

The Methodist Protestant Church in Session.

The Question of Admitting Women Delegates Will Come Up for Discussion.

Westminster, Md., May 13.—The general conference of the Methodist Protestant church convened here to-day.

Among the important questions to be discussed are the admission of women delegates, the organization of a denominational young people's union and alterations of the ritual.

The denomination was organized in 1828 by a secession from the Methodist Episcopal church, over the question of lay representation. It now numbers 1,000 ministers and 300,000 members.

The Rev. L. W. Bates, chairman of the committee on the revision of the articles of belief, states that this subject will be the principal one that will come up before the conference, but he doubts whether any revision will take place. The committee recommends, changes in certain articles of belief largely modelled after the Westminster Confession, and the revision therefore partakes of the same nature as the movement now going on in the Presbyterian church.

ST. MARYS NEWS.

Baby Wagons Ruled Off the Sidewalks—General Mention.

St. Marys, O., May 13.—(Special)—A few nights ago the council passed an ordinance prohibiting the running of all kinds of vehicles, including baby cabs, on the sidewalks in this city, and notified the authorities to arrest all persons violating these instructions. No complaint was made regarding the bicycle nuisance, but the women have risen up in rebellion and threaten to impeach the council if they do not rescind that part of the ordinance interesting them, and permit baby carriages to be wheeled on the sidewalks. They assert that they will have their rights, and will fight it to the bitter end.

Mrs. F. Odle, aged about 60, dropped dead last night.

Miss Josie Knost, a prominent society girl of New Bremen, seven miles south of this city, swore out a warrant yesterday evening against John Meyer, of Minster, charging him with being the author of her ruin.

JUST A LITTLE HELP.

That Is All Which Is Required at This Time of the Year—Do You Know What to Do?

We hear a great deal, just now, about Spring medicines. It is known that people feel run down after the labors and siege of winter, and it is assumed they need a spring medicine. This is not true. Spring medicines are not needed; nature will throw off the rheums in the blood which have accumulated during the winter, if she has only a little help. Nature is able to clean her own house, and take care of her own household, with a little assistance, and a little gentle stimulant is all the spring medicine anyone requires. "But," you may say, "what do you mean by stimulant, and what do I require?" We answer, something absolutely pure, powerful and which has been proved to abundantly answer the purpose. Unquestionably, whisky, if of the right kind, is the proper thing to use, but unfortunately, there are few good whiskies in the market, and only one which is absolutely pure, and possesses medicinal qualities. That whisky is Duffy's Pure Malt. It has been upon the market for years. It has the unqualified endorsement of physicians and chemists, and it is the only whisky which can be recommended. It is true, certain unscrupulous druggists and grocers seek to sell other and inferior goods, claiming they are equal to Duffy's, but they possess little purity and no medicinal power whatever, whereas Duffy's is specially designed as a medicinal whisky. It would be well to bear these facts in mind when considering the subject of spring medicines, and how to best put the system in shape for the requirements of the season.

THE OHIO TRAP SHOOTERS

Osborne Lost the Cup to Sanford.

Toledo No Longer Holds the Championship.

Columbus Continues to Win Base Ball—Notes of Interest to the Sporting World.

Columbus, O., May 13.—Yesterday was the last of the meeting of the Ohio Trap Shooters' league. The championship contest was the principal topic of conversation.

The L. C. Smith $500 cup, emblematic of the championship of Ohio, had the effect of holding all the crack shots over Thursday.

The conditions governing the Smith contest were 50 single targets from three traps; entrance $5; cup and championship of Ohio to first, 40 per cent. to winner of cup of 1891, 30 per cent. to second, 20 per cent. to third, and 10 per cent. to fourth; A. S. A. rules.

First event, open to all, 15 targets, $2 entrance, 32 entries. Score as follows: North 11, Dick Smith 13, Osborn 14, Bennett 11, Alkire 15, Sanford 13, Young 13, Vincent 6, Cain 14, Hamilton 10, Redwing 14, McDonald 10, Latham 11, Spross 12, Pumphrey 10, Sterling 12, Edwards 13, Walt 11, See 7, Holt 10, Clark 14, Rushmore 13, Mosher 12, Girton 11, Upson 14, Dick W. 11, Bullenger 12, Slyh 9, Teiple 14, Goodman 11, Diffy 10, Tug 11, Perry 12.

First money, $21.60, score 15—Alkire.

Second money, $16.20, score 14—Osborn, Cain, Redwing, Clark, Upson, Teiple.

Third money, $10.80, score 13—Dick Smith, Sanford, Young, Edwards, Rushmore.

Fourth money, $5.40—Spross, Sterling, Mosher, Bullenger, Perry.

Second event, "League," 15 targets, entrance fee, $1.50. Clark 12, Rushmore 13, Pumphrey 12, Holt 12, Latham 13, Dick W. 14, See 12, Mack 12, Bullenger 12, McDoud 7, Slyh 8, North 13, Redwing 15, Sanford 14, Cain 10, Taylor 12, Alkire 13, Bennett 12, Hamilton 12, Dick Smith 12, Young 13, Sterling 12, Osborn 13, Vincent 13shrdlu cmwfpy vbgkqjxzfi 13, "Walt" 15, Spross 12, Benscotten 12, Girton 14, Upson 13, E. W. B. 9, Goodman 11, Perry 12, Ward 12, Ball 8, Tug 12, Duffy 10, Baker 5, Glass 7, Flowers 11.

First money, $12.30—Redwing, Osborn, "Walers."

Second money, $7.35, score 14—W. Dick, Sanford, Girton.

Third money, $4.20, score 13—Rushmore, Latham, North, Edwards, Vincent, Upson.

First money, second class, $12.30, score 12—See, Taylor, Vincent; second money, second class, $7.35—Goodman, Flowers; third money, second class, $4.90—Duffy.

At noon the following entries were made in the cup race: Osborn, Dick Smith, Latham, Vincent, North, Bennett, Sanford, Pumphrey, Young, Clark, Hamilton, Spross, Upson, Alkire, Rushmore, Holt.

The contest meant to the winner not only the possession of a very handsome silver cup, given by L. C. Smith, but the honor of being champion of Ohio. Osborn, who held it last year, did not show up well, getting only 41 out of 50. In consequence of winning it last year he was given 40 per cent., which amounted to $44. The winner of the championship was M. C. Sanford, of Townsend, who got 48 birds out of a possible 50. The other scores were as follows: D. A. Upson, Cleveland, second money, $33, 46 points; third, George Spross, Toledo, Paul North, Cleveland, $22, 45 points; fourth, Scott McDonald, Dayton, H. C. Rushmore, Toledo, $18, 44 points; fifth, Ralph Worthington, Cleveland, 42 points. The other events were sweepstakes of minor importance.

Champaign, Ill., May 13.—The first annual championship field games of the recently formed Western Intercollegiate association are in progress to-day. Most of the prominent colleges of Wisconsin, Indiana, Illinois and Iowa are represented.

The object of the association is the encouragement of athletics in western colleges, while it is also proposed to compel eastern colleges to recognize records made by western colleges.

It is a well known fact that most of the prominent athletes in the east are from the west. The states represented are Michigan, Wisconsin, Minnesota, Iowa, Kansas, Nebraska, Kentucky, Tennessee and Ohio.

HE REMEMBERED THE CHURCH.

Banker Augustus Kountze's Will Filed for Probate.

New York, May 13.—The will of Banker Augustus Kountze was filed in the surrogate's court to-day.

After amply providing for the widow, Herman Kountze, the decedent's brother, receives in trust, the Kountze addition to the city of Omaha reserve block, containing 30 lots and $50,000 in cash, which he is to give to the general synod of the Lutheran church of the United States, to found a theological seminary in the block mentioned.

The synod, in order to obtain these bequests, is required to have deposited in the National bank of Omaha by July 1, 1892, $150,000, of which not less than $75,000 must be set apart for the erection of the seminary and the necessary buildings.

The remainder, added to Mr. Kountze's $50,000, is to constitute a permanent fund. The residue of the estate is divided among the brothers and sisters of the decedent.

SERIOUS ACCIDENT.

Wapakoneta, O., May 13.—(Special)—While Councilman Eugene Kirchner was using a steel chisel on a thin board, and using his force to push it through, it penetrated the board and the palm of his left hand, severing an artery, which will lose him the use of the hand. Prompt assistance and medical aid saved him from bleeding to death. He is very low from loss of blood.

SEASON OPENS JUNE 22d, 1892.

These famous mountain resorts, situated at the summit of the Alleghanies and directly upon the main line of the Baltimore & Ohio railroad, have the advantage of its splendid vestibuled express train service both east and west, and are therefore readily accessible from all parts of the country. All Baltimore & Ohio trains stop at Deer Park and Oakland during the season.

Rates, $60, $75 and $90 a month, according to location. Communications should be addressed to GEORGE D. DeSHIELDS, Manager Baltimore & Ohio Hotels, Cumberland, Md., up to June 10; after that date, either Deer Park or Oakland, Garrett County, Md.

PASTURE AT $2 A MONTH!

I will take horses to pasture on my farm at Bay Shore. They will be looked after twice a day, be regularly salted and cared for. The pasture is part tame and part wild. When the tame pasture is exhausted, as is invariably the case in the middle of the summer, the wild pasture is rich and luxuriant, keeping the stock in prime condition the whole season.

The pasture fronts on the bay, so that the stock can stand in the water, which is of material benefit to horses which have become sore from being driven on the pavements. For further information address FRANK B. NILES, 357 Irving St., Toledo, O.

SALE COMMENCES EACH DAY AT 2:30 P. M. ON THE GROUNDS, AND AT 7:30 P. M. AT OUR OFFICE.

OUR TERMS FOR THESE BEAUTIFUL LOTS ARE ONLY $10 CASH AND $5 PER MONTH

With interest at 6 per cent. The owners have made a special effort to bring this property within the easy reach of the wage-earners, and have arranged to make it possible for them to buy as will be easiest for them, by paying, as they receive their wages, a little at a time; larger payments being allowed if desired. On such ridiculously low terms there is no reason in the world why any one wishing a home-site may not have one, except that we have but SIXTY-TWO lots in the Addition, ONE to be given away outright and SIXTY-ONE to be given away for $10, and $5 monthly payments. When you have paid for a lot on above terms, arrangements can be made to build you a home to be paid for on similar terms. You will not have another opportunity like this to procure a home, so join the great army of lot-owners and "prepare to reap a harvest of early sowing."

TOLEDO HAS GROWN To a point where her real estate is no longer in the hands of a few monopolists, or even of the wealthy class. Her tradesmen and clerks, artisans and laborers, all have an interest in her welfare. "The ownership of a home is no longer the luxury of the rich," as to-day there are none so poor but that they can buy one or more lots, and pay for them in easy payments. The present is one of the few opportunities offered to people of small means to obtain beautiful home-sites, and, in addition to this, at the same time to procure a profitable investment, one which to cash quickly at market price is to make 25 to 30 per cent., and to await the development of the market is to make immensely more.

The adjoining property has been closely built up, and this Addition is now nicely surrounded with neat and attractive homes, in the heart of a residence center, having extensive manufacturing, railroad and business interests near by.

THE LOTS

The lots in Western Avenue Addition are beautiful, large, inside city lots; the Addition is nicely laid out, and all lots have 30 or more feet of frontage, and a large number of them are 150 feet deep. All streets are broad and well graded. Shade trees are planted, and sewerage is in alley between Western Avenue and Gordon Streets. Two thousand feet of sidewalk are laid. New houses are now being erected, and many more will follow immediately after the sale.

We have a complete Abstract. An OPINION OF TITLE BY THE LENDERSON, LANG & STEWART ABSTRACT COMPANY, showing the property to be free from incumbrance, and all taxes and assessments paid to date, will be furnished each purchaser. Also WARRANTY DEED for lots purchased.

EXCELLENT STREET CAR ACCOMMODATIONS. The Western Avenue line of the Consolidated Street Car System passes this Addition, and the Robison System is but two blocks distant, making access to any part of the city convenient, and only ten minutes' ride to Monroe Street.

FREE TRANSPORTATION Will be furnished ALL attending sales by The Consolidated Western Avenue line of street cars. TICKETS GOOD FROM 1 TO 6 P. M. In going to the property, tickets will be taken on all Consolidated cars that pass Summit Street Transfer, where transfer to Western Avenue line will be furnished. Tickets must be punched on the grounds to be good for return trip. Transfer checks will also be furnished on return trip, without charge. Join your friends and take a free ride. All on the grounds who register their names, have a chance to secure a free lot. Free name-blanks, with car tickets attached good for these days, can be secured at our office, NO. 243 ST. CLAIR STREET, or at the CONSOLIDATED TRANSFER STATION.

THE IMPROVEMENT That has taken place in the surrounding property in the past 12 months serves as an indication of what will follow the coming sale. Fully 75 houses have been built within the past year within a short distance of this property.

A $250 LOT FREE. —Lot No. 115, Western Avenue Addition, 30 feet front on Griffin Street, and 120 feet deep, will positively be given to the people attending the great sale and registering their names on Monday or Wednesday. To decide who shall be the owner of this lot, those attending the sale will elect some three persons from the people present, who will act as judges, and will take the tickets on which you have signed your names, place them in a box, draw out twenty-one (21) tickets, and the person whose name is written on the twenty-first ticket drawn shall receive a WARRANTY DEED to the lot. Remember it COSTS YOU NOTHING.

SAVE YOUR PIN MONEY By investing 16 cents a day in a lot, and before you realize it you will be better off by the price of one lot, which lot will earn money for you. The foundation of many a fortune is laid in the making of a single small investment, where advances are practically certain. Investments in SUCH PROPERTY as Western Avenue Addition, at SUCH PRICES, can not be picked up every day on your own terms.

5000 FAMILIES Are supported by employment furnished within one mile of Western Avenue Addition, insuring for this property an immediate development, and purchasers will be enabled to sell their lots in the near future, if they so desire, at a handsome profit. The Clover Leaf Yards and Round-House, the Michigan Central Yards and Round-House, the Wabash Transfer House and Shops, the Lake Shore and Michigan Southern Yards, Round-House and Shops, are all beyond this Addition. The Merrill Manufacturing Co., the Toledo Nut and Bolt Works, the Toledo Pump Co., the Standard Oil Co., the Grasser & Brand Brewing Co., the Toledo Brewing and Malting Co., numerous Brick-Yards, the Mitchell & Rowland Lumber Co., Peter's Factory and Lumber Yards, Maclaren & Sprague Factory and Lumber Yards, and at least fifty more manufacturing establishments along the River, Swan Creek and Canal, on Broadway, St. Clair, Erie and other streets, in the Fifth and Ninth Wards, furnish employment to a great many hands. This Addition is the center of these Wards, and *the manufacturing district of the city.*

$190 BUYS A LOT (30 x 122). We have marked a few of the full size lots down to this extremely low price, and other lots (not full length), as LOW AS ONE HUNDRED DOLLARS PER LOT.

THE OWNERS Of Western Avenue Addition, rather than hold the lots and retail them at regular market prices, have decided, in order to realize from their investment immediately, to put them on the market in special sale, at this great reduction, and content themselves with smaller profit but more rapid sales, realizing at the same time that should any lots be left unsold after Wednesday next, that they will have advanced greatly in value, because whereas but few are interested in the property and its development now, many will be after the sale, many of whom will build, making the remainder of the property more desirable, and hence more valuable. The moment one-half of the lots are sold, that moment the value of the whole Addition is greatly increased. If you wish to share the ownership, and at the same time the profits, of the landholders of our city, you will find this a remarkably good opportunity to "better your condition" by advancing one step nearer to wealth and fortune.

CHARLEY GRIFFIN

Is In the Paving (?) Business at the Present Time.

Mr. Griffin has done with politics, and is now interested in the paving business, according to this item from this morning's Columbus Journal:

Hon. C. P. Griffin, of Toledo, was in the city over night. He is looking well, but says he is working hard in pushing his real estate business. His visit has no political significance, according to his statement. He says there will be a great deal of paving in Toledo this season. He was consulting some of the Columbus contractors and local manufacturers of paving material.

REAL ESTATE TRANSFER.

Peter Baertschi Sells Charley Hirssig $6,000 Worth of Property.

Mr. C. C. Hirssig this morning purchased of Peter Baertschi the premises where the firm of C. C. Hirssig & Bro. is now doing business, at the intersection of Cherry street and Canton avenue.

The property has a frontage of over fifty feet on Cherry street and the same on the avenue, and is one of the most desirable locations in that part of the city.

The purchase price was $6,000, and Mr. Hirssig will, when the times warrant it, erect a handsome structure on the property.

CLUBS AND SOCIETIES.

Pleasant Meeting of the Dante Club—Equality Club Meeting To-morrow.

Miss Henlen Nolan entertained the following members of the Dante club last night: Mrs. Foley, Miss Foley, Miss Vangie Moore, Miss Susie Turley. The Political Equality club will meet Saturday afternoon, May 14, with Mrs. Ambrose Clough, Adams street. The parliamentary drill will be on Privileged questions.

SERVICE FOR THE DEAD.

Prepared by Mrs. Howe, of Toledo, and Mrs. Battels, of Akron.

Last year Mrs. Mary A. McQuiston, department president of the Women's Relief corps, appointed Mrs. Sarah M. E. Battels, of Akron, and Mrs. Anna E. Howe, of Toledo, a committee to prepare a memorial service for the unknown dead and those buried in the south during the war. This work was done, and the service presented to the department convention at Piqua, Wednesday last. It was referred to a committee cosisting of Mary E. Nicholas, of Toledo; Louisa M. Roland, of Cleveland and Sophronia Heller, of Napoleon, who rendered a report unanimously recommending it. On motion of Mrs. Kate B. Sherwood, past national president, it was unanimously adopted by the convention with a special vote of thanks to Mrs. Battels and Mrs. Howe for their work, and printed before Memorial day for use throughout the department of Ohio G. A. R., on that occasion, and recommended to national convention in Washington in September next. This service supplies a long felt need in the work, and many expressions of gratification and commendation were heard upon it.

THE A. O. F.

Report of free public employment office for week ending May 12: Situations wanted, males 62; females 30; help wanted, males 20; females 100; positions secured, males 20; females 36.

To-night will probably determine whether there will be peace or war between the boss brewers and their employes. Men on the inside have expressed the opinion that the difficulty will be settled satisfactorily to both sides this evening.

The Electric Workers' union, owing to having the dance last evening, held a very short session, nothing but routine business coming before them. They are highly elated over the success of their ball, and extend a vote of thanks to the press, business men and others who kindly assisted them in their effort to replenish their treasury.

How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy Liver. When the Liver is torpid the Bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any agency known on earth. It acts with extraordinary power and efficacy.

NEVER BEEN DISAPPOINTED.

As a general family remedy for dyspepsia, Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the Stomach and Bowels.

HIGH SCHOOL HONORS.

Prof. Adams Announces Eight of the Ten

Who Stand at the Head of the Graduating Class—The Class Day Exercises to Come Off June 3.

Yesterday afternoon Prof. Adams announced the names of the honor members of the graduating class of the High school, as far as decided. The first four honors fall to Miss Sophie Mery, the valedictorian; Herbert Orr salutatorian; Miss Alice Alexunder and Miss Bertha Marx, in the order named.

For a few days two of the ten who are to receive honors can not be named, but the remaining four will be won by Miss Emma Paddock, Miss Lylah Browne, Miss Hattie Crofts, and Miss Lala Miller, the order to be decided later.

With such excellent material as composes the class, Prof. Adams has found it no easy task to determine where the honors should fall, but conscientiously he has reached the above decision and general satisfaction will no doubt follow his award.

The class day exercises will take place Friday evening, June 3, at G. A. R. hall. There will be a banquet, followed by the usual toasts and the class history, prophecy and poem will be read by the members chosen some time ago.

THE COAL COMBINE.

Report That Retail Dealers Will be Shut Out.

Mr. S. C. Schenck Denies Any Knowledge of Such a Move—The Trust Called to Time in Chicago.

A report which seems to hail from Chicago relative to the results of the recent coal combine seems to be unfounded. A number of wholesale agents in Chicago are before the grand jury to show why real dealers will not be supplied with coal as heretofore.

It is alleged that owing to the formation of the trust the combine will have no middle men or retail dealers, but will deal directly with the consumers.

Mr. S. C. Schenck was asked by a Bee this morning what truth there was in the report.

"There is none so far as the refusal to sell to retailers are concerned," he said. "I will sell to everyone that applies to me for coal."

"Will the retail dealers get the usual commission?"

"I guess so. The commission of course varies almost every year."

"Will you sell for future delivery?"

"No. How can we? We make contracts from month to month, but will not guarantee to supply coal at a certain price for the whole year round. This, I understand, is one cause of complaint. But we have never done it and cannot do it now."

"It is claimed that it has been done."

"Well, some agents may have violated their agreement, but it won't be done this year, I imagine."

THE NEW OPERA HOUSE

Mr. Dewey Gets a $100,000 Guarantee and It Is a Go.

Cleveland Men Backing the Project—The Theater to be Located on Summit Street.

Yesterday the Bee printed the facts in the project of a new opera house. Mr. Jerry Dewey has succeeded in raising a guarantee fund of $100,000, and it is understood that Cleveland capitalists will back him for the balance of the necessary $250,000.

The gentlemen mentioned in the Bee yesterday singed the necessary papers, and they are now in Mr. Dewey's possession.

This morning Mr. Dewey was jubilant over the prospects, and said he had now no doubt but that the theater was an assured success.

His idea is to have the building located on Summit street, where all the street car lines will strike it. An option of a desirable location, it is understood, has been secured, and just now everything looks lovely for Toledo having a brand new opera house.

SILVER CONFERENCE.

London, May 13.—In the house of commons to-day Mr. Goschen declared, in reply to a question, that it would be premature now to disclose the instructions to be given to the British delegates attending the international conference in relation to silver coinage, as the government had not yet decided upon the precise form of the instructions.

IN THE SPRING!

In the vegetable kingdom, the sap or vital fluid rises from the roots to the trunk and branches, producing leaf and flower. So in the human family, the change is as great, for the blood, if not in good condition, must throw off its impurities. In this it is necessary to assist nature, and nothing is so good to

CLEANSE THE BLOOD

as Swift's Specific. It helps nature to relieve the body, and at the same time tone it up.

Mr. RALPH ELKINS lives at Marionsville, Mo., and is a successful farmer. He says that he has been a great sufferer from impurities of the blood, which made his limbs stiff and gave him pain in the lungs, but that he took Swift's Specific and it soon relieved him entirely.

Is what we strive to make our customers. That's the only way we know to keep their trade; we must be satisfied that they are properly fitted before they are content. It isn't hard to suit people from our stock, we keep such a variety of goods in all grades, when any one comes in to buy we can hardly help suiting him, both in quality and price. We have very little trouble with our customers either way.

The man who "smells victory in the air" is a republican; the man who carries the bouquet is a democrat.

The two Inman ships which will hereafter fly the stars and stripes cannot come under the subsidy provision, as that act provides for "American-built ships" only.

It's amusing to notice republican organs claiming the glory of the free registry law, introduced by a democrat in a democratic house repealing a measure made by republicans and maintained by them for a quarter of a century.

Raum with his refrigerator and Lemonaid, Wanamaker with his pneumatic tube and base Baltimore record—one should be frozen out with tart promptness and the other be hustled from his position by rapid transit pneumatic process.

When Mr. Watterson assures the country that he has tried to heal the democratic factions in New York, but without success, he is reminded by a bright neighbor that some man who is on speaking terms with the leaders of the factions would better be delegated to perform that office.

The New York Recorder, Mail and Express, Sun, World and Tribune are quoting from one another's columns—all against lake, channel and harbor improvement for the rest of the country. That should be enough to shut the mouths of home croakers for party effect. A Boston paper also puts in an oar by speaking of "the mill streams and mud ponds of the west."

The Morrell report on the effect of our tariff law on Canadian trade will be published for a republican campaign document. If it can be proven that we injure Canada pretty nearly as much as ourselves the thing will be a go. The government will pay for the printing; it paid Mr. Morrell for collecting material from which to make such deductions as he chooses.

Republican organs say, if free binding twine is so cheap that a man pays only twenty-five cents extra on twenty-five acres of wheat to bind, why fuss about the duty. If the industry is self-supporting to this extent, why not remove the duty? "Then foreign manufacturers will put down the price and ruin the industry!" Well, they put down the price of the farmers' wheat in the world's markets.

The banks and railroads in Omaha refuse to subscribe to the fund in aid of the people's party convention, because the party policy is hostile to their interests. Oughtn't to find any fault with that; every fellow in this country is looking out for himself first, and the party of the present administration is the only one in which a man can join party and self-interest and strive for both in conjunction.

Of course Postmaster-General Wanamaker should investigate pneumatic tubes before he buys any for Uncle Sam's use; and, of course, when he has found out which one he will choose, if he sees fit to take paying stock in that especial company in exchange for the good turn done them—why that's what you would expect of Wanamaker. Besides, he has to get even for that big campaign bonus paid in and prepare to shell out again pretty soon.

The progress of democracy in the old world is emphatically demonstrated by the decision of the government of Belgium to revise its sixty-one-years-old constitution, thereby removing limit and restriction from the franchise, in a great degree. And this constitution, at the time of its adoption, was considered by all Europe as a wonderfully liberal charter of rights and privileges. Universal manhood suffrage, it is believed, will be the outcome of the revision. The demonstration of the labor party two years ago sowed the seed for this swift-coming harvest.

The committee to investigate the workings of the new tariff law pans out as might have been expected. From the same set of facts there are widely differing conclusions, set forth in separate reports. Where depression in industries is found, the republican members of the commission find other causes than tariff, or that affairs might have been worse but for protection. Where the democrats find an unsettled and unbalanced condition of business, they credit it, and justly so, to governmental interference. The two reports may add a little to the fund of general information, but otherwise will have no effect.

Republican organs call the New York Sun a leading democratic journal and extract approvingly from its narrow and nettled columns. The Sun says:

The alliance members and many straight democrats having agricultural constituencies cannot be relied on for aid to any great extent at this juncture, since the farmers' organizations, though demanding rigid economy in other matters, are calling loudly for the improvement of the public waterways. * * * *

Speaker Crisp has been appealed to to stem the tide, but the power of the speaker on such an occasion is necessarily limited, and his closest and most trusted advisers are unfortunately divided in their views.

Most assuredly agriculturalists and democrats generally are in favor of the improvement of the water ways, and Speaker Crisp has no desire to stem the tide. If the east wishes to make a sectional question of this, the rest of the country should be unanimous in meeting it.

SOME COMPARISONS.

Every report upon the wage question is sized up by protectionists with reference to the new tariff schedule. The widely varying scale in the same industry in different localities; the fact that in industries that are in no possible way aided by tariff protection, better wages are often paid than in protected ones; that a cut in wages has been known to follow an increase of duty, and that cheap foreign labor is here in small armies—enter not at all into the calculations. The seventh annual report of Carroll D. Wright, Commissioner of Labor, is just sent out. Extracts are made from it by republican editors, best suited to their choice and needs. And even these will not bear the criticism they invite. For instance: in a cotton yarn establishment in the United States, North, 388 employes earned, on an average, $1.02 a day, but had work only 79 days out of six months, their average earnings for six months being $80 apiece.

In a like establishment in the United States, South, 347 employes earned 69 1-2 cents each day, and worked 54 days out of the six months, earning $38 each.

In a like establishment in Great Britain 308 employes earned 66 cents a day, worked 131 days out of six months, earning, during that period, $86.

With all our boasted natural advantages, our free form of government and wide diversity of employment, our great opportunities in social and educational ways, where is there any glory for us and our tax law in this showing? It is mostly in favor of the English workingman, who can buy a suit of wool clothes or a pair of wool blankets a third cheaper than the American laborer can do.

Following comparisons through it is found that, in every case, free-trade England leads protected Germany, France, Belgium and Switzerland, in wages paid, in incomes listed and in money expended for food and clothes. In the woolen industry, the average family income from all sources, in the United States, is $663. In Great Britain, $515. When the difference in price in woolen goods, millinery, gloves, hosiery, cutlery, crockery and scores of other items is considered, the balance in earnings in favor of this country is very small, if any at all. To deny that many classes of goods that enter into the daily necessities of the families of laborers and tradesmen are cheaper there than here, is to falsify, as all persons who buy in both markets and smuggle over all they can in trunks and on their backs, can testify.

If a high protective tariff law benefited labor in the least, there would be a different showing from this, all our natural advantages taken into account. If these figures prove anything, they prove that something hinders labor in this country from getting any fractional proportion of the country's marvelously increasing wealth.

THE NATURAL GAS QUESTION.

There is no occasion for a Toledo newspaper to work itself into a frenzy on the subject of the price of natural gas. Especially is it silly for such papers as supported the eighteen months' contract, which is about to expire, to find fault with the certain advance in price.

It will be remembered that in 1890 the Northwestern Gas Co. proposed a three years' contract at a fair price. The tendency of the conditions then existing was to advance prices in every gas field in the country. While the proposed ordinance was pending before the council the Bee investigated the subject exhaustively and every known fact about the business was printed, including capacity, pressure and prices in the different fields, east and west.

The council at that time was fully aware of the upward tendency, yet stubbornly refused to make a contract for a longer period than eighteen months. The result is as predicted in the Bee. The advance is made everywhere, and in the great gas centers the ruling price is now between twenty and thirty cents.

The Northwestern Co. fixes its price for the coming year at twenty-five cents net. At this price, which may seem large, gas is cheaper than coal, and the time is at hand when all citizens should understand that the certain decrease of the supply must inevitably make a gas fire a luxury before many years. But who, at coal prices would exchange gas for coal? Just pocket your sentiment while answering this question. We doubt if there is a housekeeper in Toledo who would return to the coal fire even if gas cost more than coal.

It were better for citizens to realize the reduced gas supply and be glad that at any reasonable price Toledo may be a favored city in having gas to use.

Again, the taxpayers should look upon this question in a business manner. The city has invested $1,250,000 in a gas plant which must be remunerative if the debt shall ever be paid. Every consumer of city gas knows the supply is inadequate to the demand. It would be a thousand times better for the gas trustees to make an increase in price commensurate with the business judgment of the Northwestern Gas Co. and have a revenue that will pay the debt and encourage the expenditure of such sums of money from time to time as will fill the mains with plenty of gas so long as the supply lasts.

The best way to settle this gas question for the permanent benefit of the city, and of every interest of the city, is to treat the matter as a business proposition and concede to the Northwestern, and urge upon the trustees, just such methods as prudent, sagacious men would do in their own business.

Let us drop the sentiment side and consider the business phase of this subject.

Mr. Gorham has knocked out Senator Sherman and Field Marshal Halstead with clubs fashioned from their own forests of fallen timbers. Senator Sherman will leave the Stanton episode out of his banquet speeches hereafter and Mr. Halstead will not write any more vindications of war-time heroes till he consults the old scrap books that contain his former utterances.

Connecticut has more divorces and more elopements, according to population, than any other state in the union. And Connecticut is the old commonwealth of Blue-laws and Steady-Habits!

Col.-Editor Shepard is said to be a dark horse in the vice presidential race. If he would keep himself as quiet in such place as his honor of the Shoreham, the party might do worse than to give him the chance to try for it.

The women in charge of the Actors' fund fair raised $180,000 in one week. Better give the arches and monuments and silver-service business into their hands.

OIL RATES FROM TOLEDO

Car Inspectors Danced Last Evening.

Extension of the Ohio Central Lines.

The Dandy Base Ball Schedule of the T. & O. C.—Mr. Foster Reports a Fast Run—The Ohio Central's New Ticket.

Oil rates from the Toledo and Lima districts to St. Paul and Minneapolis were fixed at 25 cents per 100 pounds, the same as the sum of the locals via Chicago, at the recent meeting of the Central Traffic association meeting.

Messrs. Weed, of the Clover Leaf; Fitch, of the Ohio Central line; Janes, of the Pennslyvania; Billings, of the Lake Shore; Wright, of the B. & O., and Booth, of the W. & L. E., have returned from the meeting.

The association has received and accepted an invitation to hold its next meeting at the Rushmore club, St. Clair Flats, Tuesday, June 14.

It is thought that the sixth class rate eastbound will be advanced about May 30, with the exception of grain.

Car Inspectors' Dance.

Last evening occurred the second annual ball of Maumee lodge, Car Inspectors' Protective association, at Eversman's hall. About 300 couples were present and a big time was had. The reception committee was composed of F. Nolta, J. Powers, M. King, E. McGinn, G. Lock, F. Lufert, and the floor committee of W. J. Gleason, O. Stoll, L. Korb, F. Ott, G. M. Campey and J. E. Fitzjohn.

To Extend the Line.

Work will commence soon on an important extension of the Ohio Central lines. The Kanawha & Michigan is to be extended from Charleston up the Kanawha river to Gawley river, which is to be bridged and a track connection made with the Chesapeake & Ohio railroad. This will open up a fine country. The officials expect a large increase in business, especially in timber, coal and coke. The extension will be about 30 miles long.

Mr. Foster and His Line.

F. N. Foster, agent of the Kanawha Despatch, thinks his line is the fastest on resord, and gives the following as proof: Thirteen cars of tobacco left Winston Salem, N. C., at 9:30 a. m. June 16, and arrived at Detroit at 6:35 p. m. on June 19, a distance of 1,061 miles, in a little over three days. Pretty swift for freight.

This Is a Daisy.

The Ohio Central lines are getting out a new 1,000-mile book, to be good on 32 transportation lines, as follows:

Alliance & Northern, Buffalo, Rochester & Pittsburg, Chicago & Erie, Cincinnati, Dayton & Ironton, Cincinnati, Dayton & Chicago, Cincinnati, Hamilton & Dayton, Cincinnati, Jackson & Mackinaw, Cleveland, Akron & Columbus, Cleveland, Lorain & Wheeling, Cleveland & Canton, Columbus, Hocking Valley & Toledo, Findlay, Ft. Wayne & Western, Indianapolis, Decatur & Western, Lake Erie, Alliance & Northern, Louisville, New Albany & Chicago, New York, Chicago & St. Louis, New York, Lake Erie & Western, New York, Pennsylvania & Ohio, Pittsburg, Shenango & Lake Erie, Pittsburg & Western, Pittsburg, Akron & Western, Toledo & Ohio Central extension, Toledo, Ann Arbor & North Michigan, Toledo, St. Louis & Kansas City, Wheeling & Lake Erie, T. & O. C., T., C. & C., K. & M., Detroit & Cleveland S. N. Co., Putin-Bay-Toledo boats, Toledo Transfer Co., Parmelee Omnibus lines, Chicago.

The C., H. V. & T.

A change of time goes into effect on the C., H. V. & T. Monday. The morning trains will leave at 6:35 o'clock instead of at 6:30, and at 10:30 instead of at 10:35. This last train will shorten the run to Columbus about a half hour.

Cinders Here and There.

The superintendents meet here to-morrow

Toledo division Order of Railway Telegraphers meets this evening.

O. B. Warner, traveling passenger agent of the C., B. & Q., is in town today.

The work of graveling the line of the T., C. & C. will be completed in about 60 days.

General Manager J. M. Ferris of the Ohio Central lines has returned from Cleveland.

Two new first-class passenger coaches are to be purchased by the Toledo & Ohio Central railroad.

Auditor F. B. Evertt and Traveling Auditor T. A. Sullivan of the C., H. V. & T. are in the city to-day.

The passenger department of the Ohio Central lines has issued a neat book of 100 pages, giving the schedule of the Western Association Base Ball league. It gives the whole thing with room for scores, etc.

CURRENT COMMENT.

Whoever shall secure the nomination at Minneapolis must first make his peace with James G. Blaine.—Indianapolis Sentinel.

The Blaine and McKinley ticket is all right. By the application of an anti-kicking breechin' reciprocity and protection could be made to pull the republican plough.—Washington Post.

If the colored voters of Ohio were to emigrate to Africa, what would become of those true patriots, William McKinley, Jr., John Sherman and J. B. Foraker?—Louisville Courier-Journal.

One difference between the democrats and the republicans is that the latter are punching holes in the taxes of foreign nations, while the former are trying to punch holes in the taxes of our own people.—Norristown Register.

Tom Platt has come out boldly for John Sherman for the presidential nomination. It may be remarked in this connection that Mr. Platt is generally pretty well informed as to what the New York delegation is going to do.—Chicago Times.

Mrs. Woodhull and Mrs. Lockwood, both being out for the presidency, makes the situation interesting. Of course, for anti-climbing reasons, neither of these ladies is likely to get on the fence, but it would be worth while hearing them talk over it.—Philadelphia Times.

A few weeks ago it looked as though the occupant of the white house would have a walk over for renomination. To-day the whole question of the republican succession is about as uncertain as anything in politics can be. This is the simple fact, and no amount of figuring can change it.—Philadelphia Telegraph.

As the Judge has said, Grover Cleveland will be nominated on the second ballot, if not without the formality of a ballot. He will have the Chicago convention as completely as he had the one at St. Louis, and the issue will be the tariff, as it ought to be. This will make a clean and able campaign, and the best man will win.—Judge.

The fact is that women have been admitted into our higher institutions of learning only after a determined struggle, and in opposition to the asinine and conceited masculine superstition that they possessed brains of an inferior order. The rank which women are winning for themselves in the world of learning is establishing beyond all controversy the comparative quality of the feminine intellect.—Chicago Herald.

Four whitecappers have been convicted of unmercifully whipping one Henry G. Berger, and sentenced to the Jeffersonville, Ind., penitentiary for two years each, at New Albany, Ind. This is the first time any of that gentry have felt the hand of the law in that state. As a start has been made the work should be kept up until Indiana is free from outrages of that character when they perpetrate.—New Orleans New Delta.

The passage of the bill granting an American registry to the City of Paris and the City of New York will be of material benefit to the Inman line. At present each of these ships draws $50,000 from the British admiralty. This must be surrendered when the ships are transferred to the American flag. But in its place each ship will receive about $144,000 under the subsidy act of 1891. When the two additional ships are built the Inman line will draw about $576,000 in subsidies from this government.—New York World.

THE BOARD OF ELECTIONS

Will Remain in Office Under the Recent Law.

At Least Such Is the General Opinion —Toledo a City of the First Class.

It seems that after all the Toledo board of elections is not legislated out of office. By a reasonable construction of that section of the election laws recently enacted by the state legislature, regulating the management of elections, Toledo will remain under the jurisdiction of the old board of elections. The following is the language of the section referred to:

In any county having within its territory a city of the first class, the election precincts of the county not included within the city shall be held and deemed to be election precincts of the city for the purpose of conducting and supervising elections therein, and the board of elections heretofore established in such city shall have direction of elections in such precincts and throughout such county; and all the provisions, duties, penalties and requirements contained in section 2926 of the revised statutes, and supplemental sections as heretofore amended, shall apply and be in full force as to all elections held in such county, as well as such city except as herein specified; and the members, secretary, deputy secretary, clerks and assistants of such board shall be electors of the county and not of the city merely.

WILLIAM ASTOR'S WILL.

Millions of Dollars Scattered Among the Relatives.

New York, May 13.—The will of Wm. Astor will probably be offered for probate to-morrow. The value of the estate is estimated at from $30,000,000 to $50,000,000. Mrs. Caroline Webster Astor, the widow of Wm. Astor, receives, in addition to the annuity settled on her at marriage, the Fifth avenue and Newport houses and their furniture, for life, with an annuity of $50,000 from his individual estate.

Wm. Astor also gives nearly $1,500,000 in trust funds to be divided among his three grandchildren bearing the family name of Van Illen. His daughters, Mrs. Roosevelt and Mrs. Wilson, each receive trust estates for life of $850,000, with the use of houses in Fifth avenue.

A trust fund of $850,000 is divided among four children of Mrs. J. Coleman Drayton. About $200,000 is given to charitable institutions and to private individuals. The rest of Mr. Astor's individual property is given in trust for life to John Jacob Astor. This covers practically the whole estate left by one of the richest men in the country.

THEY BLEW THEMSELVES

Charley Stager and Rudolph Brand Treat.

The Elks are Given a Complimentary Session Previous to the Gentlemen Named Departing for Europe.

The corps de ballet was out in full force last evening dancing to the tune set by Charley Stager and Rudolph Brand, who gave their brother Elks a spread on the occasion of their approaching departure for Europe. Messrs. Stager and Brand will leave Toledo Monday and sail from New York Wednesday on the Inman liner, the City of New York. They will visit England, France, Germany, Switzerland, and Italy, and will be absent about three months. I will be a merry party of Toledoans on the City of New York on her next trip, for at least a dozen ladies and gentlemen from his city will be on the passenger list.

A the social gathering the prospective travelers presided with dignity and grace. A bountiful feast was served, after which the soul flowed in great style. Byron Ritchie orated in a manner sublime, undulging in scintillations of speech that fairly dazzled his hearers, winding up with something about the gentle winds kissing the sails that sped the travelers onward. It made a great hit and he was called before the curtain.

Brother Ward, of Cleveland lodge, No. 18, was introduced and made some pretty remarks. Joel Potter, who said he hadn't sung a song since he was a boy, tuned up and surprised the natives. Mayor Emmick made a happy address, and Dr. Monroe surprised and delighted his hearers with a beautiful rendition of 'Ostler Joe, the poem that brought Mrs. James Brown-Potter to public notice.

Bert St. John, Andrew Fargnharson, Frank E. Wright, Charles O'Brien, George Leibius, Gus Leibius, A. W. Gleason, L. G. Richardson, Maynard Kinney, George W. Stevens, Joe Huber, and George Atler joined in the chorus and helped the thing along as he evening progressed. At the close of the session everybody joined hands and sang "Should Old Acquaintance be Forgot," keeping time with their bodies to the swing of the song. As the last lines were reached the movement became faster and faster, and Mayor Emmick and Chief O'Dwyer, who hadn't wiggled so fast for 30 years, were quite prostrated. Everybody shook hands with Messrs. Stager and Brand, and the Elks promised to blow themselves on their return.

NOT PEACH TREES ONLY

But Pear and Cherry Orchards are Ruined.

Mr. W. S. Thurstin Visits His Fruit Farm to Find Desolation on Every Hand—The Supposed Causes.

Monday the Bee gave the facts in the great losses attending the almost total destruction of peach orchads along the Ottawa river and in this vicinity generally.

It now transpires that not only were the peach trees ruined, but the young pear and cherry orchards have been seriously injured, s omuch so that a great majority are practically dead. The causes are, however, different.

Mr. W. S. Thurstin, who owns a valuable fruit farm on the creek, visited his orchard and found his peach trees practically as stated in the Bee of Monday.

"The young peach andpear trees are also seriously injured, but from a different cause," he said to a Bee this morning. "Last fall the peach trees continued to grow until later than usual. In fact the growth was very rich and rank. As a result the fibre was not matured when the frost came and so penetrated and killed the newly formed weed. There is only one thing to do, and it must be done promptly to save the tree in such an emergency. It is to chop off the injured limb. I gave orders yesterday for my tree to be thus chopped. The young pear and cherry trees are also in a bad way. In the last part of June a slug or rather the larvae of the saw worm ate off or destroyed the leaves of the trees and the result was sun blight—a disaster worse than even frost bite.

"The sun scorched the unprotected limbs until the bark became black and the sap soured. With these trees also the only remedy is prompt application of the knife and axe. Mine are being cut down almost to the ground."

What is true of Mr. Thurston's farm is true of all others along the river.

A PRETTY WEDDING

Of Popular Young People in the Village of Hamler.

Hamler, May 13.—(Special)—At 12 o'clock noon yesterday at the home of the bride's parents, Mr. and Mrs. J. V. Ten-Eyck, Miss Almeda TenEyck, of Hamler, was united in marriage with Mr. F. H. Kintner, of Sherwood, O.

The wedding was the most brilliant affair of the season. Floral decorations gave the rooms an air of midsummer, although the weather without was anything but summery.

Relatives and friends were present from Toledo, Fostoria and Michigan. There were gifts in profusion: silverware, linen, and all things beautiful to please young hearts just entering on the delights of housekeeping and home making.

After the ceremony a delicious repast was served, and Mr. and Mrs. Kintner took the west-bound train for a brief wedding journey.

Returning the will make Sherwood their home in the future. The best wishes of many friends go with them.

OFFICERS, KNIGHTS OF HONOR.

Charleston, S. C., May 13.—The supreme lodge of the United States and Canada of the Knights of Honor in session here elected the following officers: Supreme dictator, Samuel Klotz of New Jersey; vice dictator, Marshall Bellamy of North Carolina; assistant dictator, John Mulligan of New York; reporter, B. F. Nelson of Missouri; treasurer, Joseph W. Branch of Missouri; chaplain, Rev. H. M. Hope of Virginia; guardian, John P. Shannon of Georgia; sentinel, J. W. Smith of Massachusetts; trustees, Geo. S. Hallmark of Florida, James Whitehouse of Maryland, W. S. Cantrell of Illinois.

THE FIRST FIZZLE.

Chicago, May 13.—The first of the court trials growing out of the recent grand jury boodle investigation was held yesterday. The defendant was M. B. Herely, member of board of education, charged with soliciting bribes. Sterling L. Bailey was the only witness. His testimony was very weak and Judge Collins discharged the accused saying he should never have been indicted. Several aldermen will be tried later on.

THEY GET A MOVE ON

Council Committees Hustle a Lot of Business.

Hucksters' Licenses to be Increased—The Engine Houses—Paragon Pipe Line Approved—Other Matters.

The new council is still crowding business, and the several committees that met last evening had plenty to do.

The ways and means committee held the first meeting and discussed the award made by the probate court for the opening of Scottwood avenue. This award gave to Mrs. M. A. Morton $2,540 for her property which was condemned for the opening.

The property owners who petitioned for the improvement now consider this award excessive, and ask the city to abandon the condemnation.

Mrs. Norton opposed this on the grounds that she was put to considerable expense in defending the condemnation suit and she asks that the city stand by the award or reimburse her. She was present at the meeting last evening with her counsel, Mr. E. D. Potter, jr., who addressed the committee in her behalf.

Mr. James Winans for the property owners stated that they considered the price for the property too high, and asked the city to abandon it. He also said that the property owners will repay Mrs. Norton. On this understanding the committee laid the matter over to give the contending parties an opportunity to reach an agreement.

Mr. E. H. Rhoades appeared before the committee and asked that some $8,000 of overdue certificates which he holds for opening of Junction avenue in 1876, be refunded in some manner. This matter was also laid over.

Mr. Huberich then brought up the matter of huckster's licenses, which expire Sunday, and he made a motion that the cost of these licenses be increased from $20 to $100. After considerable discussion this motion was lost, as was also a motion to increase the license fee to $50.

* * *

Mr. Huberich, however, did not give up his idea of increasing the license, but when the market committee came together, immediately after the ways and means committee, he introduced his motion there. More discussion of the matter resulted, but finally a resolution was approved to increase the license fee to $75.

The street committee handled the usual amount of improment legislation and indulged in but little discussion. The work of the committee, however, was interfered with considerably by the large number of citizens who crowded around the committee table, and often interrupted business by the manner in which they tried to crowd their own special cases.

Resolutions were approved by the committee as follows: To grade the alley between Twelfth and Thirteenth street, from Adams to Empire; to remove several trees in Cherry street; to pave Eagle Lane, from Elm street to Chestnut; to grade Central avenue, from Collingwood to Detroit avenue; to pave Scottwood avenue, from Bancroft street to Woodruff avenue, and to pave South Erie street, from North Railroad avenue to Logan street.

Ordinances approved were to open Niagara street from Buckeye to Galena, to a width of 60 feet; to establish the grade of Twenty-second street from Monroe to Woodruff avenue.

A protest from the Lake Shore railroad company against the paving of Junction avenue was laid on the table.

The ordinance granting to the Paragon Refining company the right to lay a fuel oil pipe line across the river and in Water street and cross streets, caused but little discussion. On motion of Mr. Hassenzahl an amendment was made, providing that where the line crossed streets paved with Medina stone or asphalt, the pipe shall be laid in a tunnel. The ordinance was then approved.

* * *

The fire committee received the report of the sub-committee on the need of new engine houses and the sites decided upon. Mr. Walker wanted the engine house to be located on Monore street changed to Door street, but his motion for the change was lost and the report as printed in the Bee was approved.

Several pieces of property were offered as sites for the Monroe street engine house, and the committee decided to meet next Monday afternoon and visit the properties.

FOUND IN OHIO EXCHANGES.

It is thought that Cleveland, at the proper time, will decline the nomination for president. He will say in his letter of declination, that it is suicidal to the party to nominate a man who cannot carry New York, and that he recognizes that he belongs to that class. He will then probably proceed in his own way, with his admirers and followers to select the man who can lead the democracy to victory, and it is pretty generally conceded that the honor will fall upon ex-Gov. Campbell, of Ohio. Upon him all factions can harmonize, and he is strong in every portion of the country.—Middletown Signal.

There appears to be some playful ill-feeling in Mahoning county over the defeat of Judge King for congress. "Constant Reader" writes to the Youngstown Telegram to ask if it is true that the "Shark" county delegation attempted to steal the coats and hats belonging to the Mahoning delegation. The Telegram indignantly (?) replies "No," and then explains that the Mahoning delegates left the hall first and the others did not have a chance.—Columbus Dispatch.

Following the republican victory in Rhode Island, that protectionist organ, the Iron Age, says that the wages of puddlers, the hardest worked men in the iron mills, must be reduced 20 per cent. It also says there must be a new schedule of wages in sheet rolling in order to give the tin plate manufacturers a chance to thrive. Verily, protection is for the workingman! —Norwalk Experiment.

Grover Cleveland is the greatest statesman in the country, and yet it would be suicidal to nominate him unless he can carry New York. If he can carry New York then let him be nominated. If not, then nominate the man who will carry it. The success of the democratic party is more to be desired than the protection of any man however deserving he may be.—Mansfield Shield and Banner.

The grangers who hold the whiphand in the Nebraska legislature have passed an eight hour law for all wage earners excepting farm hands and domestic servants. The granger is not different from his fellow-Christian engaged in other occupations. He believes in making laws to regulate everybody's business but his own. —Troy Trojan.

The Minnesota republican convention, which indorsed Harrison without declaring for him, and indorsed protection without mentioning McKinley tariff, was an illustration of the truth of the saying that the purpose of language is to conceal thought.—Lima Times.

The Colorado, California and Idaho republican state conventions passed resolutions demanding absolute free coinage of silver. Who said the republican party wasn't divided on the silver question?—Bryan Forum.

California is for Blaine and McKinley. The mind of man runneth not back to the time when California was not for Blaine. The republicans of that state are the original Blaine boomers.—Troy Trojan.

The manner in which the republicans of the Clermont district retired statesman Bob Doan before he completed his first term adds to the harmony rapidly spreading in Ohio.—The Massillonian.

A TRIANGULAR FIGHT.

Hamilton, Ashley and Griffin Candidates for Congress.

Ashley Goes in With the Sherman Crowd, While the Foraker Followers Will Support Hamilton.

The anticipated triangular fight for congressional honors on the republican ticket is now on and the candidates have at last left their homes.

Gov. J. M. Ashley announces himself as the Sherman candidate and he will be backed by the full federal patronage notwithstanding the fact that he is the Blade's old stand-by candidate. The Sherman men say if the Blade will only oppose their and its candidate his chances for election will be much better.

Ex-Mayor Hamilton is also in the race. He is the more modest of the trio, and will rely largely on his personal popularity for the nomination. If he wishes to make the fight he will undoubtedly sell first choice in the pools.

Asked by a Bee this morning if, in response to the requests of his friends, he would be a candidate, he said:

"If consenting that my friends may use my name in connection with the nomination makes me a candidate, then I am one. For certainly I should consider it a great honor to receive the nomination at the first republican congressional convention of this district. The republican voters should be at perfect liberty to express their preferences. If they finally select me as their standard bearer I would use use every honorable endeavor to be elected, and if elected should devote myself to the promotion of the best interests of the people of the district and, as a legislator, should honestly endeavor to promote such measures as seemed most conducive to the general welfare."

Mr. C. P. Griffin is making a still hunt in the outside counties. Here in Lucas he is lying low, but pulling a long string just the same. He is the candidate that will do more real hustling than the other two combined, although it is said that Ashley is dividing the honors with him in the outside counties.

The situation is simply this: Griffin wants to go to congress bad and he will leave no stone unturned to get there. He would make terms with the Sherman people if he could, but they won't have him.

Hamilton represents the fighting element of the Foraker faction, and the ex-governor proposes carrying the war into every congressional district in the state.

Ashley is obnoxious to many of the Sherman men and his affiliations with the Blade people may hedge him and an outside man be taken up to represent the Icicle.

The prospects for a go-as-you-please-rough-and-tumble fight are excellent.

NAMED THE DELEGATES.

The Thirteenth District Meets in Convention.

Fostoria, May 13.—At the republican congressional district held in this city yesterday for the purpose of choosing two delegates to the Minneapolis convention George Gormly of Crawford and W. C. Brown of Seneca were chosen, and J. C. Johnson of Sandusky and S. H. Hunt of Wyandot were chosen as delegates.

Resolutions were adopted indorsing Harrison and his administration, speaking with special pride of McKinley and his bill and condemning the democratic house for placing wool on the free list.

The convention was well attended and every county was fully represented.

MICHIGAN CROP REPORT.

Lansing, Mich., May 13.—The Michigan crop report for May issued to-day shows the condition of wheat to be excellent. Its condition, as compared with previous years is 84 per cent. in the southern, 81 in the central counties, and 91 per cent. in the northern counties. Clover meadows and pastures are not in good condition. The outlook for fruit is very promising, for apples 91 and peaches 88 per cent. of an average crop.

CAUGHT BETWEEN BUMPERS.

Delphos, O., May 13.—A tramp who was stealing a ride on the westbound local freight due here at 4:10 p. m., had both feet crushed between the bumpers when four miles east of this place. He was brought to this city and both feet were amputated but it is thought that he will die.

ELECTION OF BISHOPS.

YOUTH AND DOUBT.

When Youth went forth from his pilgrimage,
A figure followed clad in sober gray;
Youth thought his sad companion was a sage,
And listened to his counsels by the way.

Youth sought a True Ideal—he did not know
That Doubt was with him in this strange disguise—
Youth was delighted with the world's bright show;
His comrade saw all things with other eyes.

In woodland shrines, far from the city's din,
Youth entered oft, hoping the true was near;
But with him Doubt likewise would enter in,
And whisper words of trouble in his ear.

As side by side they traveled on one day,
A mighty temple by the road was met:
The stones reflected each the sun's bright ray,
The sky seemed resting on the minaret.

Doubt turned away; the Youth passed through the gate;
He read in golden letters o'er the door,
"Who enters is at peace with Love and Fate;
Who enters here will leave these gates no more."

Youth understood, and then he looked around;
His comrade came not near the perfect spot.
The True Ideal of Youth at last was found,
And where Perfection was, Doubt entered not.

The forms of sea life in the upper portion of the ocean waters may descend to a depth of 1,200 feet or so from the surface, but there then succeeds a barren zone, which continues to within 360 to 300 feet from the bottom, where the deep sea animals begin to appear.

The Rev. On the authority of his St. Petersburg correspondent Mr. Edmund Yates states in the London World that the cesarewitch will visit this country early in June. A deeply rooted dislike to matrimony on the part of the Russian heir and the czar's equally strong resolve that the line of succession shall be continued are said to be the warring causes which will bring the cesarewitch to America. Perhaps neither the young man nor his royal dad understands the danger of this visit to a land full of pretty women who "just adore a prince."

New York commission houses are overrun with bank messengers and money brokers offering to lend them funds at almost nominal rates and on almost any sort of collateral. The Union Trust Company has decided to reduce the rate of interest on deposits to 1 per cent per anum, and some of the banks are declining new accounts; they cannot find profitable employment for the balances in their hands. Net deposits in the city banks are almost $534,000,000, about 30 per cent more than at this time last year. The surplus is about three times as large as one year ago and six times as large as it was two years ago.

"Mr." is a favorite title at Harvard, and even the president of the university is usualy spoken of as Mr.—that is, when the speakers are not affecting sophomoric ways. Professors from small colleges are much surprised at the absence of professional insistence when they come for special study to the university. It is said that "doctor" particularly troubles English LL. Ds. when it is applied to them. Professor Freeman was very brusque to Americans who tried to call him "doctor." Mr. Huxley says: "From the time I first procured a visiting card(a proud day with even a philosopher) it has borne 'Mr. T. H. Huxley, but I have no objection to the 'professor.' The only thing I can not stand is doctor."

EMINENTLY SATISFACTORY.

"Trusting to your good sense and womanly instincts I have offered no objections to your acceptance of attention from gentlemen," said Thomas Borden, addressing his daughter Agnes—by reason of her personal charms and the fact that her father was the wealthiest man in the place—the belle of Ashford—whom he had summoned to his presence.

"Now, I would ask," he continued after a pause, "if there is any gentleman for whom you have an especial liking?"

"I think I have an especial liking for all gentlemen," she replied coquettishly.

"Is there one whom you would prefer as your companion for life or have encouraged to believed such to be the case?"

"There is not."

"You have doubtless heard me speak of my old and dear friend, James West?"

"I have, frequently."

"His only child is a son, some four or five years older than yourself, and, after your birth, it was his wish that you and this son might become husband and wife, as it was mine.

"I told him, however, that I did not deem it right for parents to interfere with the love affairs of their children, when not likely to produce undesirable results; that if, when you were 20, you and his son were heart-free and his son bore a good character, I would more than willingly consent to a union between you two.

"To-day I received a letter from young West, concerning whom I have heard nothing since his father's death, 12 years ago, in which he states his father's and my wish,and his intention to come and see you. I sincerely hope that you will conceive a mutual love for each other."

"I declare my situation is as romantic as any of which I ever read in a novel," she observed with a laugh. "Can you give me any description of the personal appearance of my to-be suitor?"

"When I saw him last he was about 16, and a good-looking boy save for a slight tendency to be cross-eyed. It was his parents' ambition for him to become a clergyman."

She laughed till the tears rolled down her cheeks and then said:

"I do not aspire to be the wife of a squint-eyed minister, who doubtless wears colored spectacles and would take me to task for my free-and-easy ways; but for your sake I will try to fall in love with him," and again she laughed.

"You will please excuse me for leaving you, as I have promised to assist Mrs. Lewis at her soiree this evening, and must be getting ready for it."

A few hours later she felt her arm lightly touched, and, turning, saw two gentlemen near her, one of whom (the principal of the Ashford high school) said:

"Miss Borden, permit me to make you acquainted with my friend, Mr. Morgan."

She bowed to Mr. Morgan, whom, at first glance, she realized to be one of the handsomest and most intellectual-looking of young men.

Prof. Page slipped away from them, and the two were soon engaged in a conversation which was interrupted by the hostess.

"Mr. Morgan," she remarked, "we shall be pleased to listen to a song from you. Miss Borden will accompany you on the piano, I am certain."

"I fear my friend has overrated my ability," Mr. Morgan responded, his face slightly reddening, "but I will do my best."

The song that followed was so heartily encored that Mr. Morgan sang two more.

He escorted Agnes home from the soiree, to the chagrin of several gentlemen who had, each of them, anticipated that privilege as his own.

From that time Mr. Morgan and Agnes were much together. As they were nearing her home one evening, on their return from a ramble, he said:

"To-morrow morning I shall start for New York city and—"

"Start for New Yorky" she interrupted.

"I have been here ten days, though when I came to Ashford I anticipated remaining not more than three or four days," he said. "But"—he hesitated for a moment and then went on—"I have found it difficult to leave you, whom I have come to love with all my heart."

She remained silent and he asked.

"Am I mistaken in thinking you reciprocate my affection?"

"You are not," she frankly admitted. "But—"

She paused as the omnious conjunction fell from her lips, and then told of the partial promise of her hand to another.

He abruptly directed the conversation into a different channel. When they reached her home he said:

"I wish you would conduct me to your father."

She did as requested, and to her father he remarked:

"I have won her love, Mr. Borden."

"Heaven bless you both!" Mr. Borden exclaimed.

Words would fail to depict Agnes' amazement; yet it was increased when Mr. Morgan said:

"I am the son of your father's old friend, James West, Agnes.

"On the train that brought me here from Boston," he continued, "the same day that my letter, which was somehow detained, reached your father, I met my classmate in college, Frank Page, whom I unhesitatingly acquainted with my 'mission.'

"He informed me that he was teaching in this place; cordially invited me to stop with him while I was here; advised me to pass under the name of Morgan—as I truthfully could, it being my middle name—and gain your love by my 'winsome ways.'"

He laughed as he uttered the last two words.

"I did not reveal myself to your father until yesterday, when I felt certain your heart was in my keeping."

"Father intimated that you were a squint-eyed minister when he spoke of your letter to me," she observed, smiling.

"I was cured of strabismus years ago," he replied, "and never inclined to the ministry, though my parents wished it to be my vocation."

"All is well that ends well," said Mr. Borden.—Boston Globe.

WITH A WEARY HEAD.

A Providence Woman's Past Experience.

Mrs. Simpson Tried all Sorts of Things for Sleeplessness.

A Boston Drummer Who Used to Walk the Floor all Night.

Have you insomnia? asks a writer in the Journal.

Everybody has it now-a-days; it is more fashionable than nervous prostration.

Some doctors claim that it is a symptom, while others assert that it is a disease distinct and separate.

Whatever else it is, it is the curse of the nineteenth century, and if you are afflicted with it, night grows to be a synonym for purgatory with you.

Sympathetic friends suggest remedies, as in the case of Mrs. George Simpson, of 44 Pekin street, Providence, whose experience has recently been published in the press of that city. She states:

"For a long time I was troubled with nervous headache and sleeplessness. I suppose I suffered as much as any woman ever did. I tried nearly everything that was recommended for relief, but they were all useless. Now, however, I eat well, sleep well, and feel well, and wholly through the use of that great discovery, Paine's celery compound."

Mrs. Simpson suffered with one of the many forms of sleeplessness. Paine's celery compound gave her restful and strengthening sleep, as it will all who use it.

The strange case of E. L. Libby, traveling salesman for A. G. Moore & Co., 47 Court street, Boston, has caused a great deal of talk among merchants and commercial travelers. Nearly a year ago he was taken with malaria, and grew worse until in December he was confined to the house. Mr. Libby says:

"I tried several different doctors, but to no avail. I was so nervous that I could not sleep, and had to walk the floor to keep from going insane. My heart was in bad shape, and I was a perfect wreck.

"Now, I sleep well nights, have a good appetite, and my heart is all right. This wonderful change is due solely to my use of Paine's celery compound, and I write these words hoping they will be of benefit to others who are sleepless, or suffering from heart trouble, malaria, or nervous disease. I have not had an attack of malaria since I commenced using the compound, and am now working every day."

Most people already know that Paine's celery compound is no ordinary nervine, sarsaparilla, or bitters. It is the discovery of Prof. Phelps, of Dartmouth, and is a scientific discovery that is within the reach of all. It possesses cuartive and strength-giving qualities of almost marvelous power, imparting energy and vigor to the tired and languid, banishing aches and pains, and giving peaceful sleep to the insomniac.

THE FATHER OF MANY ILLS.

Constipation leads to a multitude of physical troubles. It is generarlly the result of carelessness or indifference to the simplest rule of health. Eugene McKay, of Brantford, Ont., writes:

"I had for several years been a sufferer from constipation, had taken a great many different remedies, some of which did me good for a time, but only for a time, then my trouble came back worse than ever. I was induced by a friend, whom Brandreth's Pills had benefited, to try them. Took two each night for a week, then one every night for about six weeks. Since that time I have not experienced the slightest difficulty whatever, and my bowels move regularly every day. I believe firmly that for sluggishness of the bowels and biliousness Brandreth's Pills are far superior to any other."

WAITING BUT IN VAIN.

A Faithful Wife Waiting a Husband's Return.

For Two Years She Has Left the Table Spread For a Person Who Can Never Come.

London, May 13.—A pathetic incident is reported from Tyback in Wales, where the widow of one of the men whose bodies are still buried in the mine where 78 miners lost their lives in the terrible explosion of two years ago, has never once locked the door of her house at night since the disaster, lest she might hinder the return home of her dead husband.

She has constantly kept the white cloth over the little table in the kitchen, which had been spread for his return home from work just before the news of his death was received, and upon it is laid the Welch Bible.

VISITED THE PEAK.

Colorado Springs, May 13.—Mr. George W. Childs and party are to-day the guests of the citizens of this place, the program including a drive to Manitou and the Garden of the Gods, also a journey to the summit of Pike's Peak. To-morrow morning the Philadelphia editors will leave for Leadville, stopping for a short time only at Pueblo and Parkdale.

AN INTERESTING STRIKE.

London, May 13.—The strike of farm laborers in Norfolk for an increase of wages, and which was inaugurated a few weeks ago, still continues. Personal friends of the farmers have come to the rescue and are assisting in sowing seed and caring for the stock.

A number of ladies from the neighboring towns are also helping the farmers to stand out. The strikers demand an increase of wages to $4.50 weekly. They are now getting $3.00.

If you are Billous, take Beecham's Pills.

FEDERATION OF WOMEN.

Splendid Meetings Held in Chicago.

The Issues of the Day Discussed in an Able Manner by Well Known People.

Chicago, May 13.—At to-day's session of the Federation of Women's clubs there was an interesting discussion regarding "Helps and Hindrances in the Organized Work of Women," participated in by Mrs. J. C. Croly (Jennie June), Mrs. Antoinette Brown Blackwell and others, after which a large quantity of routine business was taken up and disposed of.

The convention which has been one of the most successful in the history of women's work in this country, will come to a close this evening, with a symposium of educational problems in the course of which women on school boards, kindergartens classic studies in public schools, higher education of women, and the educational influence of women's clubs will be discussed by a number of speakers including Mrs. Mumford, of Philadelphia, Mrs. Ellen M. Mitchell, of Denver, Mrs. Eva Perry Moore, of St. Louis, and Mrs. Jennie D. Lozier, president of Sorosis.

The closing address of the convention will be by Mrs. May Wright Sewall, of Indianapolis, and the gathering will then be at an end.

COOLIDGE CONFIRMED.

Washington, May 13.—The senate in secret session to-day confirmed the nomination of T. Jefferson Coolidge, to be minister to France.

BLAIR IS NOT IN IT.

He Will Have Nothing to do With the Reform Party.

Chicago, May 13.—Ex-Senator Blair, of New Hampshire, who has been prominently mentioned as a candidate for the presidency and also for the vice-presidency under the auspices of the new reform party, which holds its nominating convention in Omaha in July, will have nothing to do with that movement.

This information comes from one of the executive committee located in Boston, and who claims to have authority for the statement that the ex-senator is still true to the principles of the republican party, and does not propose to identify himself with any new-fangled political apparatus. From the same source the information comes that from a concensus of opinion of quite a number of those who will have a vote in the Omaha convention it is thought that Senator Stanford will be the candidate.

SPACE AT THE FAIR.

New York, May 13.—A dispatch from London says that Sir Henry Wood, secretary of the British royal commission, will sail from Queenstown to-morrow morning en route to Chicago for the purpose of conferring with Director-General Davis regarding the British exhibit at the world's fair.

A large East Indian firm has applied for space to make an exhibit. Much importance is attached to this application, and it may form the subject of a special conference between Sir Henry and the Chicago authorities.

THE INVESTIGATORS.

Washington, May 13.—The sub-committee on appropriations, investigating the world's fair expenses, held a secret session to-day. Chairman Dockery said no agreement had been reached as to the order of the report that shall be made. The report will probably not be made this week.

WILL HAVE A HARD TIME.

Paris, May 13.—Tht authorities have decided to try Ravachol for murder. He will be arraigned at the Loire assizes for robbery and incendiarism, as well as for the murder of the old hermit.

THE WORK OF CONGRESS.

Pinkerton Agencies Under Discussion.

Washington, May 12.—Mr. Dawes, of Massachusetts, introduced a joint resolution which was referred to the quadrocentennial committee authorizing the president to proclaim a general holiday on the 12th of October, 1892, the four hundredth anniversary of the discovery of America.

Mr. Hiscock, of New York, offered a bill which was referred to the committee on commerce, making similar provisions to those accorded the steamships City of New York and City of Paris, for granting an American registry to the steamship China, "a foreign built steamship now engaged in freight and passenger business, having a tonnage of about 5,000 tons," provided it shall be shown that 90 per cent. of the shares of the foreign corporation owning said steamship were on the first of January, 1890, and have since remained the property of citizens of the United States; provided, further, that the company shall contract to build a vessel of equal tonnage in an American shipyard.

Mr. Call, of Florida, turned his attention to West Indian affairs and offered two resolutions which were ordered printed and referred to the committee on foreign relations. The first provided for a joint committee of three senators and four representatives to enquire into the condition of Cuba and the islands known as the Antilles, the Bahamas and the Windward islands; their commercial and military relations with the United States, and to report to congress such legislation as may be necessary to improve the commercial and political relations of the United States and those islands.

Mr. Call's second resolution authorizes the president to open negotiations with Spain for the purpose of inducing that government to consent to the establishment in the island of Cuba of a free and independent republic upon the payment to Spain by Cuba of a sum equal to the value of the public property and the surrender of soverign rights in said island.

Mr. Peffer, calling up, pro forma, the president's bi-metallic message, addressed the senate in favor of free coinage of silver.

In the House.

Washington, May 12.—Mr. Beltzhoover (dem.) of Pennsylvania, and Mr. Watson (people's) of Georgia, had an opportunity in the house to-day to enforce their notice yesterday that the regular order would be insisted upon. Senate bills received yesterday were being referred to committees. Mr. Sayers (dem.) of Texas wanted a bill for the relief of the late land offices at Delaware, Ks., and Mr. Dalzell (rep.) of Pennsylvania, wanted a bill for the survey of a canal to connect Lake Erie and the Ohio river laid on the speaker's table and asked unanimous consent therefor. But it was sternly refused and the bills went the way of all their companions.

Mr. Oats (dem.) of Alabama, made a privileged report from the committee on judiciary, submitting a substitute for the resolution introduced by Mr. Watson, of Georgia, looking to an investigation of the Pinkerton force. The substitute authorizes the committee to institute the investigation (limited to a cost of $2,000) and to report by bill or otherwise as may be deemed necessary.

Mr. Watson said he had introduced the resolution because he believed the existence of such a force as the Pinkertons was a menace to good order and the welfare of society. It was a force that could be employed by corporations to shoot down (as at Albany) inoffensive and innocent men, women and children.

Before the court investigation the Albany incident the railroad authorities refused to answer what instructions had been given the Pinkertons when they were sent out with Winchesters. He said he was no more in favor of labor having a standing army than capitalists. He stood by the law and wanted these parties to do the same. His idea of having an investigation was that the United States could control the running of its mail trains and the trains engaged in interstate commerce. In these domains the states are powerless and because there is no legislation by congress the irresponsible army of Pinkertons escape punishment because they were irresponsible.

Messrs. E. B. Taylor, of Ohio, (rep.) and Bynum (dem.), of Indiana, members of the committee on judiciary, opposed the resolution on the ground that it related to a matter over which the federal government has no jurisdiction and that all such investigations have resulted merely in the depletion of the already depleted contingent fund of the house in which a deficit now exists.

CITY OF TOPEKA FLOODED

Rain Amounting to a Cloudburst.

One-Third of the City Under Water.

The Mississippi and Missouri Continue to Rise—Heavy Rains Again in the West.

Topeka, Ks., May 12.—All Kansas is again being visited by a deluge, the third inside of ten days and this last is the worst of all. Since 1 o'clock rain has poured down in torrents, and at noon the flood is still at its height.

It is feared there will be a repition of the great damage done by the previous storms. In this city the low suburbs are again flooded and the police and fire departments are busy in aiding the submerged residents.

One-third o the city is under water.

The Kansas river, which flows through the city, is up to its banks and the chances for a disastrous overflow are good.

THE MISSOURI.

Water Continues to Pile Up and More Rain Falling.

Kansas City, Mo., May 12.—The Missouri river is again rising rapidly, and a heavy rain is falling, which swells the small streams.

In Kansas trains are badly delayed or abandoned altogether and washouts are so numerous on the Missouri Pacific that traffic on that road is practically at a standstill.

The town of Newton, Kas., is again under water and various points in western Missouri are similarly affected. The dykes at Harlem still hold but water is rapidly nearing the top and great apprehension is felt as to the result of the present heavy rains.

THE MISSISSIPPI.

The Water Has Not Reached Its Highest Point Yet.

New Orleans, May 12.—The river fell a fraction of an inch last night, but as the water is rising above, this fall will be only temporary. Several more breaks in the levees are reported and those heretofore reported have been widened. Much depends on Morganza and great fears are felt of its stability.

AND RIGHT YOU ARE,

But Ireland Must First Unite Her Home Factions.

Dublin, May 12.—United Ireland, in its issue of to-day, advocates that advantage be taken of the Chicago fair to establish a convention of representative Irish-Americans in America in 1893 for the purpose of deciding upon some plan for realizing the aspirations of Irishmen.

The paper adds: "The advice of such men, who, under a free constitution, have learned the art of government would be valuable to our national council."

No Money Required of Responsible Parties to Commence Treatment

DOCTORS FRANCE AND OTTMAN,

Formerly of New York, now the Celebrated Examining Physicians of THE FRANCE MEDICAL AND SURGICAL INSTITUTE, Columbus, Ohio, by request of many friends and patients, have decided to visit Toledo

Dr. Ottman, Saturday, May 21.

Dr. France, Wednesday, June 8.

Consultation and Examination Free and Strictly Confidential in the Private Parlor of the Burnett House from 10 a. m. to 9 p. m., one day only.

The doctors describe the different diseases better than the sick can themselves. It is a wonderful gift for any one to possess. Their diagnostic powers have created wonders throughout the country.

The France Medical and Surgical Institute of Columbus, Ohio, is the only Medical Institute in the State incorporated with a Capital of $300,000.00.

DR. OTTMAN, the Celebrated Examining Surgeon of the

FRANCE MEDICAL AND SURGICAL INSTITUTE,

38 & 40 W. Gay St., one block N. of State House, Columbus, O. Incorporated, 1886. Capital, $300,000.

DRS. FRANCE AND OTTMAN, of New York, the well known and successful Specialists in Chronic Diseases and Diseases of the Eye and Ear, on account of their large practice in Ohio, have established the FRANCE MEDICAL INSTITUTE, where all forms of Chronic, Nervous and Private Diseases will be successfully treated on the most Scientific principles. They are ably assisted by a full corps of eminent Physicians and Surgeons, each one being a well known specialist in his profession

CANCER positively cured without pain or use of the knife, by a new method.

IMPORTANT TO LADIES.—DR. FRANCE, after years of experience, has discovered the greatest cure known for all diseases peculiar to the sex. Female diseases positively cured by the new remedy, OLIVE BLOSSOM. The cure is effected by home treatment. Entirely harmless and easily applied. Consultation Free and Strictly Confidential. Correspondence promptly answered.

YOUNG MEN—Who have become victims of solitary vice, that dreadful and destructive habit, which annually sweeps to an untimely grave thousands of young men of exalted talent and brilliant intellect, may call with confidence.

DRS. FRANCE AND OTTMAN, after years of experience, have discovered the greatest cure known for weakness in the back and limbs, involuntary discharges, impotency, general debility, nervousness, languor, confusion of ideas, palpitation of the heart, timidity, trembling, dimness of sight, or giddiness, diseases of the head, throat, nose, or skin, affections of the liver, lungs, stomach, or bowels—those terrible disorders arising from the solitary vice of youth—and secret practices, blighting their most radiant hopes or anticipations, rendering marriage impossible. Take one candid thought before it is too late. A week or month may place your case beyond the reach of hope. Our method of treatment will speedily and permanently cure the most obstinate case, and absolutely restore perfect manhood.

TO MIDDLE-AGED MEN.—There are many from the age of 30 to 60 who are troubled with frequent evacuations of the bladder, often accompanied by a slight burning or smarting sensation, weakening the system in a manner the patient cannot account for. On examination of the urinary deposits, a ropy sediment will be found, or the color will be a thin or milkish hue. There are many men who die of this difficulty, ignorant of the cause, which is a second stage of seminal weakness. We will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

DISEASES OF WOMEN.—We have a special department, thoroughly organized, and devoted exclusively to the treatment of diseases of women. Every case consulting our specialists, whether by letter or in person, is given the most careful and considerate attention. Important cases (and we get few which have not baffled the skill of all the home physicians) have the benefit of a full council of skilled specialists. In treatment of diseases peculiar to females, [illegible] has been marked, over two-thirds of [illegible] ladies, old, young, married, single, [illegible]. Our method is entirely free from objectionable features of the general practitioner, namely, "Local treatment." We seldom find it necessary. We prepare remedies, constitutional and local, as the case demands, and instruct ladies now to treat themselves.

MARRIAGE.—Married persons, or young men contemplating marriage, aware of physical weakness, loss of procreative powers, impotency, or any other disqualification, speedily restored.

PRIVATE DISEASES.—Blood Poison, Venereal Taint, Gleet, Stricture, Seminal Emissions, Loss of Sexual Power, Weakness of Sexual Organs, Want of Desire in Male or Female, whether from imprudent habits of youth or sexual habits of mature years, or any cause that debilitates the sexual functions, speedily and permanently cured. Consultation free and strictly confidential. Absolute cures guaranteed. Medicines sent free from observation to all parts of the United States.

EPILEPSY, OR FITS—Positively cured by a new and never-failing method. Testimonials furnished.

FREE EXAMINATION OF THE URINE.—Each person applying for medical treatment should send or bring from 2 to 4 ounces of urine (that passed first in the morning preferred), which will receive a careful chemical and microscopical examination, and if requested a written analysis will be given.

Persons ruined in health by unlearned pretenders, who keep trifling with them month after month, giving poisonous and injurious compounds, should apply immediately. Delays are dangerous.

WONDERFUL CURES Perfected in old cases which have been neglected or unskillfully treated. No experiments or failures. Parties treated by mail or express, but where possible, personal consultation is preferred. Curable cases guaranteed. No risks incurred.

DO YOU WANT GOLD?

Cripple Creek is not a health resort. It is a wealth resort. Quite a difference! Location, near Pike's Peak, in Colorado. Gold—bright, yellow gold, is found at grass roots and in the rock formation.

Reliable experts claim this is to-day the richest camp in Colorado. Assays average $100 per ton, and have run as high as $5,000. One hundred people a day are now rushing to Fremont, chief town of the district.

The chance of a life-time is worth looking after!

You can get there quickly and comfortably by taking Santa Fe Route. Only line with no change of cars from Chicago, Kansas City and other principal cities to Florissant, nearest railroad station, with daily stages to Fremont.

IN TRADING CIRCLES.

Both at Our Home and Abroad.

Wheat Quotations for the Day—Price Currents for Produce and Other Articles.

The receipts of wheat to-day at Minneapolis and Duluth are 83,211 bus and from five other western points 140,631 bus. On the corresponding Friday in 1891 the receipts were 79,884 bus. The export clearances yesterday at four Atlantic ports were wheat 251,490 bus and flour to an aggregate of 385,000 bus. Export of corn 355,835 bus and of oats 78,877 bus.

English markets are firm in London for wheat and corn. In Liverpool wheat is lower. Corn firm.

A dispatch from Duluth says the No. 1 northern wheat in store there was reduced last night to 3,500,000 bus. Last Saturday the stock of all grades of wheat there was 9,980,000 bus. Last night the stock was 6,423,000 bus. April 16 the stock there, in store and afloat, was 15,264,000 bus. To-morrow night it will be 5,000,000 bus. What has become of it? It has been absorbed very quietly and easily because Duluth has been and now is the cheapest wheat market, to buy in, in the world.

The wheat markets in this country made a good, firm beginning this morning at 1-2c above closing prices yesterday, but the short selling fraternity attacked the markets and broke off the price 3-4c. Later these gentlemen attempted to recover their wheat, but found very little to sell, and the loss was regained and markets closed strong at an advance on May of 1c and on July 1-2c to 5-8c.

Corn has been strong again to-day, and closes 3-4c higher in Chicago. Nebraska telegraphs that planting and the crop will be short, and farmers are holding.

Foreign markets do not disclose any new feature. Some of them are trifle higher and some easier.

In New York May wheat closed 1c and July 5-8c up. May corn 1-4c and July 1-8c up. May oats 1-4c up.

In Chicago May wheat closed 1c, and July 1-2c higher. May and July corn 3-4c higher. May oats 7-8c up.

In Toledo we have had a fair trade in July wheat, and other futures light. No new elements in the deal except a good demand for cash wheat. Our pirces have been steadier than in other markets. Opening deals were at 1-8@1-4c advance, declining 5-8c and gaining 5-8c, closing firm. On the call May sold at 91 1-2@91 5-8c, closing at 91 1-2c; August at 84 3-4c. After the call May sold at 91 5-8@91 3-4c, a gain of 3-4c; June at 89 1-2@89 5-8c, closing at 89 3-4c asked; July at 85 7-8@86 and 85 3-8c, closing at 86c bid; August at 84 3-4@84 1-4c, closing at 84 7-8c asked.

Cash wheat in fair request. No. 2 soft at 91 1-4@91 3-4c, a gain of 3-4c; No. 3 soft at 88 1-2c.

Corn—No. 2 at 45 1-2c; July at 45c; No. 3 at 45c; No. 4 at 43c.

No trading in oats and rye.

CHICAGO OPENING.

Chicago, May 13.—Opening—Wheat—May, 82 1-2c; July, 82 3-8c. Corn—May, 48c; July, 44 3-8c. Oats—May, 30 1-4c; July, 30 1-4c. Pork—July, $9 80. Lard—July, $6 35. Ribs—July, $5 85.

Chicago Close.

Chicago, May 13.—Close: Wheat—May 83 1-8c; July 82 1-2c. Corn—May 48 1-2; July 44 1-4c. Oats—May 30 1-4c; July 30 1-8@30 1-4c. Pork—July $9.87 1-2. Lard—July $6.37 1-2. Ribs—July $5.90.

Close in New York.

New York, May 13.—Money was easy at 1 1-2@2 per cent. Exchange steady; posted rates $4 87@4 88 1-2; actual rates $4 86 1-4@4 86 1-2 for 60 days and $4 87 1-2@4 87 3-4 for demand.

Governments steady; currency, 6s, 100 bid; 4s coupon, 116 3-4 bid; extended 2s, registered, 100 bid.

Nor. Pac. pfd., Sugar trust, Atchison, Reading, Union Pac., Hocking Valley and Manhattan absorbed the little speculative interest evinced in the stock market during this morning's session. The sales to noon amounted to 151,800 shares. During the opening hour prices dropped and at 11 o'clock were 1-8 to 3-4 per cent., but in the hour to noon under the lead of Manhattan, which advanced 2 5-8 to 129 1-8, there was a sharp rally. At noon prices were little changed for the general list from those current last evening. At 1 o'clock the market is still dull.

Flour in fair demand and heavy; Minnesota extra, $2 65@5 00; superfine, $3 25@3 00; fine, $1 70@2 50; city mill extra, $4 60@4 75 for West Indies.

Wheat opened strong and 1-2c higher, reacted 3-8c at noon was steady; No. 2 red winter, 96@96 1-2c cash; 89 3-4c May; 90 1-8c June; 90 7-8c July; 90 1-2c August.

Corn opened strong and continued strong throughout. At noon prices were up 5-8c; No. 2 mixed, 55@55 1-4c cash; 51 1-4c May; 51 3-8c June.

Oats dull but steady; No. 2 mixed, 34 3-4@35c cash; 35c May.

Rye fairly active and firm at 81 1-2@83 1-2c for car lots and boatloads.

Barley neglected.

Molasses quiet; New Orleans 30@36. Sugar, refined, active and steady; cut-loaf and crushed, 5@5 1-8c; powdered, 4 5-8@4 3-4c; granulated, 4 5-16@4 9-16c. Coffee dull; fair rio cargoes, 15 3-4c. Rice nomonal. Pork nominal; new mess, $10 50@11 00. Lard quiet; July, $6 65; August, $6 66. Butter firm in good demand; new state, first extras, 20@21c. Cheese firm but quiet; new choice state, full cream, 10 1-2c. Eggs stronger; state, choice, 16c; western, new laid, 15 3-4@16c. Turpentine quiet; 32 1-3@32 3-4c. Rosin quiet; strained to good, $1 45@1 50. Tallow quiet; prime city, 4 3-4c. Petroleum nominal. Freights dull and featureless; grain to Liverpool, steam, 2 1-2d.

Live Stock.

New York, May 13.—Cattle—Receipts 1,000 head, all for slaughterers and exporters. No trade; feeling steady. Dressed beef was firm at 6 1-2@8c per lb for native sides. Shipments to-day 586 beeves and 35 sheep.

Calves—Receipts 1,203 head. The market was 1-4c per lb higher. Sales of veals at $4 00@5 25 per cwt, mixed calves at $3 50@4 15, buttermilks at $3 00.

Sheep and lambs—Receipts 3,823 head. The market was active and steady. THE GORGE BELOW NIAGARA.

The first year that the New York Central opened its Lewiston Branch, which runs along the Niagara Gorge, from the Falls to Lewiston, near where the Niagara river empties into Lake Ontario, only a few hundred people patronized the new line. Last year the company carried over 100,000 passengers on its Lewiston Branch, a very large proportion of them going on the observation trains, which are built for the express purpose of giving the best possible view of the great Gorge, which is acknowledged by artists one of the finest scenes at Niagara.

NOTICE.

Theodore G. W. Ernst, whose place of residence is unknown, but who is believed to reside outside the limits of the state of Ohio, will take notice that on the 14th day of April, 1892, the city of Toledo for the use of John T. Coghlin, filed its petition in the court of common pleas of Lucas county, Ohio, the object and prayer of which petition is to enforce the lien of an assessment on lot number sixteen (16), Huberich's addition to Toledo, Ohio, owned by said Ernst, assessed by the common council of said city of Toledo, Ohio, on said lot on July 29, 1889, for its share of the cost of constructing sewer No. 275, in the alley between Blum street and Nebraska avenue, and for the sale of said lot to pay said assessment. Said defendant is notified to answer or plead to said petition on or before July 9, 1892.

IS CATARRH INCURABLE?

Answer No, and for the Following Reasons.

The various kinds and modes of local applications for catarrh, such as sprays, atomizers, douches, inhalants, fumigations, creams, ointments, lotions, gargles, etc., etc., have in many cases a soothing effect on the inflamed surfaces, and are sometimes useful to assist a cure; but neither of them, nor all of them together ever did or ever will cure a case of catarrh. These things may give temporary relief, but it is useless to expect a cure of them. Catarrh is not a local disease, hence can not be cured by local treatment. The only hope of success in the permanent cure of a case of chronc catarrh is to devise some remedy that will stimulate the nerves which supply the capillary blood vessels. There is but one remedy that has the most desirable effect, and that remedy is Pe-ru-na. This remedy strikes at once at the root of the catarrh by restoring to the capillary vessels their healthy elasticity. Pe-ru-na is not a temporary palliative, but a radical cure. Its action is necessarily slow, but permanent.

The reason that there are any failures is either because the catarrh is complicated by some organic disease or the patient does not take the medicine long enough. The majority of people expect to be cured in a week or two of catarrh that has run ten or fifteen years. Such people are nearly always disappointed. Pe-ru-na will cure a recent case of acute catarrh in a few days or weeks, but when the disease becomes chronic it takes longer. In no case should anyone leave off taking Pe-ru-na until after writing Dr. Hartman, as a letter from him is almost sure to point out the cause of the failure.

A valuable pamphlet of 32 pages, setting forth in detail the treatment of catarrh, coughs, colds, sore throat, bronchitis and consumption, in every phase of the disease, will be sent free to any address by The Pe-ru-na Drug Manufacturing Co. of Columbus, Ohio.

A Unique Exhibition.

Mr. Wanton S. Webb is a man whose business ventures are as bold as they are original. No one but Mr. Webb would ever have conceived of such an idea as that which has crystallized into the unique and interesting exhibition which is proving such a success as his "Florida on Wheels." Reading has given the northern people only a sort of undefined and imperfect idea of Florida's wonderful productions, in variety, and luxuriance. Mr. Webb conceived the idea of mounting on wheels an exhibition car, and passing over the railroads of the north, give the people who get snow-bound occasionally, an object-lesson in Florida's varied productions, her fruits, vegetables, nuts, flowers, growing plants, alligators, etc. The success which has attended him in his travels through the country justifies the boldness of the scheme. The car, constructed with special design for the enterprise, affords every facility of a home, including sleeping conveniences, cooking facilities, etc. The cuisine is under the charge of a Florida production called "Sam," who understands his business. The exterior of the car is highly embelished, while the interior is elegantly finished in red bay wood, a native production which resembles mahogany. The inside of the car is ornamented with photographic views of Florida. Besides the immense oranges, lemons, cocoanuts, pears, etc., there are other things which are not dreamed of in connection with Florida. We have only touched on a few of the things seen. A full enumeration would require too much space. It shows that in variety of production Florida is simply wonderful. This wonderful car will remain at the Union depot to-morrow, and will be open to visitors till 10 o'clock p. m. Everybody should see it.
